Knapp, Roseburg. Mac Knapp, M. M. by Mr. and Mrs. H. M. Knapp, Roseburg. Capt. Robert Knapp by Mr. and Mrs. H. M. Knapp, Roseburg. Todd Knapp by Mr. and Mrs. H. M. Knapp, Roseburg.

IT IS UNLAWFUL to sweep leaves or other rubbish into the streets. Violators will be prosecuted under the provisions of Ordinance 100: "Any persons who shall sweep into or upon any street or alley leaves or other rubbish are subject to a fine of \$5 to \$25." Make arrangements to have your leaves or rubbish hauled away. Erwin Short Chief of Police

PICTURE QUIZ ANSWERS AT BOTTOM OF PAGE. 1 In 1890, when Union Oil first went into business, the only petroleum products people used were kerosene, asphalt and axle grease. We had to burn up gasoline to get rid of it. How many products would you guess Union Oil makes from a barrel of crude today? Check One: 25 [] 136 [] 492 [] 2 The average oil well in California costs about \$65,888 to drill. Last year 169 exploratory wells were drilled. How many proved of any importance? Check One: 5 [] 47 [] 126 [] 3 What brought about the development of 100 octane gasoline? Check One: U. S. Govt. Research [] Battle of Britain [] Competition between the oil companies [] 4 Last year Union Oil made a net profit of \$5,537,329—3.8% on its capital investment. How much did this average per stockholder-owner? Check One: \$174.94 [] \$2,355.22 [] \$15,632.41 [] 5 Nobody has to be told that the cost of living has gone up. But how many things would you say there are that have not increased in price since the war began? Check One: None [] 5 [] 26 [] 6 Out of every dollar you spend with the Union Oil Company, how much do you think goes directly for taxes? Check One: 8% [] 14 1/2% [] 20 1/2% [] 7 Everyone who works at Union has to have "tools"—a desk, a tank truck or perhaps even a \$6,000,000 refining unit. What do you think the cost of this equipment will average per employee? Check One: \$946 [] \$4,251 [] \$35,696 []

ANSWERS 1 492—The business has become so complicated we had to look this one up ourselves. 2 Only 5 proved of any importance. 3 Competition between the oil companies—By 1939, when Germany invaded Poland, U.S. oil companies had already developed 100 octane to the point where they could produce it in volume on an economical basis. 4 \$5,537,329 is a lot of money, but it was divided among a lot of people—31,632. So it averaged just \$174.94 per stockholder. 5 This isn't official, but we've done a lot of research and we can't find more than five—cigarettes, gasoline, electricity, home gas and interest rates. 6 20 1/2%—It takes taxes to win a war. The average Union Oil employee made \$211 per month in 1942; but the tax collector got more of your dollar last year than all 8,192 of our employees put together (20 1/2% to taxes—20% to wages) and 4 times as much as the stockholder-owners. 7 \$35,696—The machine age has made our tools of production rather expensive. This series, sponsored by the people of the Union Oil Company, is dedicated to a discussion of how and why American business functions. We hope you'll feel free to send in any suggestions or criticisms you have to offer. Write: The President, Union Oil Co., Union Oil Bldg., Los Angeles 14, Calif.
