

Angott Decisions White; Bout Split By Light Failure

HOLLYWOOD, Oct. 28—(AP)—Sammy Angott is still the light-weight champion, and the very last fellow to dispute it today would be Luther (Sluggo) White, Baltimore negro, who got the boxing lesson of his life last night in 15 rounds.

It was one of the most interesting and unusual fights ever held here. As the boys started the fourth round a generator failure plunged the Hollywood baseball park into darkness. It was an hour and seven minutes before electricians repaired the trouble.

Angott was complete master of the situation. He went out in the first round to steal the play from the fast-punching White. He danced away and around the Negro and came back to deliver any number of hard, delayed left and right uppercuts. This tireless smashing had a marked effect on White over a long period of time, and in the fourteenth and fifteenth he seemed on the verge of being knocked out.

Midway in the fifteenth Sammy smashed home a terrific right to the jaw sent White out of the ring, but the Negro bounded back and continued to take terrific punishment as he

Tribute to O. S. C. Is Voiced on Its 75th Anniversary

CORVALLIS, Ore., Oct. 28—(AP)—"The land-grant college, whenever it has been true to its original purposes and intent, has emphasized the two most essential and significant qualities demanded of our citizens in winning the war."

So said Harrison C. Dale, president of the University of Idaho yesterday, in a tribute to Oregon State college on the 75th anniversary of its founding.

Dale explained that "these are technical knowledge, or what industry calls 'know-how,' and these qualities of imagination, initiative and leadership which have never been absent in the philosophy or education, to which Oregon State college has consistently subscribed."

The celebration of charter day was small due to wartime conditions but more than 50 representatives of past graduating classes attended the ceremonies in which robed professors paraded with soldiers assigned to the campus for training.

Governor Snell praised the college's work while carrying on the extra burden of training men for the armed services. Dr. A. L. Strand, the college's president, expressed appreciation for public support of the school and praised his faculty.

The celebration marked the anniversary of the state's first step in support of higher education. The state legislature in 1868 designated old Corvallis college as a land-grant institution.

Assn. Library Lists McClain's Thesis

A thesis prepared by E. S. McClain, manager of the Roseburg branch of the United States National bank, has been added to the library of the American Bankers' association in New York. The thesis was written following graduation from the Graduate School of Banking at Rutgers university, New Brunswick, N. J., where Mr. McClain was a student at three summer sessions.

From among the papers submitted by students at last summer's school, 29 were selected to be added to the library. Those of McClain and Milton W. Ries, the latter assistant cashier of the U. S. National bank at Portland, who also was a graduating student this year, being among those chosen.

Of ten employees of the U. S. National bank who have attended the course, six have submitted papers which were placed in the association library.

Mr. McClain wrote on the subject: "Farm Implement Financing."

Baby Chick Assn. Sets Fall Meeting at Eugene

The many problems now confronting hatchery operators will be considered at the annual fall educational meeting of the Oregon Baby Chick association, to be

held at the Eugene hotel November 2, starting at 10:30 o'clock, announces Mrs. H. A. Watzig, Roseburg, president. This is the second meeting of the year, the annual business meeting having been held in June at Oregon State college.

Current problems facing hatcherymen include equipment supplies, the feed situation, extending the hatching season, and the possibility of ceiling prices on breeding stock, hatching eggs, chicks, and poult.

Mexicans Retained to Aid in Winter Harvests

PORTLAND, Ore., Oct. 28—(AP)—Many of the Mexican laborers who helped harvest this year's crops in the northwest will remain through the winter for work in dairies, orchards and vineyards.

The War Food administration's labor officer here said about 100 will stay in the Rogue river valley pear country and be housed in a CCC camp near Medford, Oregon.

Large numbers, however, will start back to Mexico next week, the agency said.
