Ranger Station, Mill Site Dot Tiller Landscape

By PAUL JENKINS

Pictured above is a portion of the United States forest service ranger station at Tiller, about twenty-five miles east of Canyonville. Lying at the junction of Elk creek with the South Umpqua river, it is headquarters for the southern district of the Umpqua National forest. Avery Berry is district ranger, with his offices and home at the station.

On the slope beyond the river are the mill and residence buildings of the Jackson Lumber company, inoperative during the winter months. To the left is the Mary Furlong bridge across the South Umpqua river.

A forest service crew in charge of Floyd Smith is constructing a culvert and fill across Ash creek, just above the Coffee Pot side-camp near South Umpqua falls. When completed it will allow for the building of a section of road which will eliminate a particularly difficult turn in the present road at that place.

The culvert will be of concrete, 62 feet long, 12 feet wide and 12 feet high, inside measurements. The bed is finished now, and concrete is being poured for the side-walls and the ceiling, which will be arched. It constitutes a new type of construction for the federal forests.

The South Umpqua highway is hard-surfaced now to Camp Comfort, 29 miles upriver from Tiller, and the end of the road. It is suitable for heavy year-around traffic, barring presence of the too heavy fall of snow.

Traffic Law Breakers Pay \$75 in Fines Here

Fines totalling \$75 were collected in the Roseburg justice court today. Judge Thomas Hartfiel reported. The fines Hartfiel said were as follows: Edward Baxter, \$25, no vehicle license; Theodore R. Mayfield, \$10, void license plates; Emmitt A. Bishop, \$30, speeding; Earl M. Karlinger, \$10, overweight truck load.

Lone Scout Plan For Non-Troop Areas to Be Tried

Douglas county has been picked as the first county in the states of Oregon, Washington, Idaho and Montana to try out the Lone Scout plan of the Boy Scout organization which makes B. C. Elliott, district scout chairman, "The Lone Scout plan," said Elliott, "is a type of Boy Scout organization which makes it possible for individual boys in more isolated communities to enjoy the fun of being a scout. Leadership has been secured for this organization which is known as a Lone Scout Tribe."

Carl F. Spaulding of Roseburg has consented to serve as scoutmaster of the Tribe. Mr. Spaulding has had several years of experience in Boy Scout work as a member of the National Scout council and as the treasurer of the Mid-Columbia Deschutes Area council at The Dalles, Oregon. The Tribe will be sponsored by the Douglas District Scout committee, which has general supervision under the Wallamet Area council of all Boy Scout work in the county.

Any boy in the county twelve years of age or over may now be a scout by joining this Tribe. Due to travel conditions most of the work of the Tribe will be carried on by correspondence, but efforts will be made as soon as several boys from one community unite to separate these and form a neighborhood patrol or troop for them under local leadership. K. A. Wells, scout executive, points out that the Tribe is intended for boys in communities where no Scout troop exists. Troops are now organized in Drain, Yoncalla, Sutherlin, Roseburg, Melrose, Camas Valley, Myrtle Creek and Glendale.

Boys interested in becoming members of the Tribe or in securing further information on how they may become a Boy Scout through this plan should write to Mr. Carl F. Spaulding, Box 453, Roseburg.

U. S. Income Tax Blanks Sent Out; Early Filing Urged

J. W. Maloney, collector of internal revenue, announces that he has begun to mail copies of the 1943 individual income and victory tax return to the estimated 450,000 federal income taxpayers in the District of Oregon.

Collector Maloney said: "Although these returns are not required by law to be filed until March 15th, I cannot urge too strongly that everyone prepare and file his return as early as possible."

"There are," he said, "two major points that are vital for everyone to understand. First: many persons will owe a substantial tax and should start immediately to find out how much they will owe and to make plans for meeting the obligation. I must emphasize this as a simple matter of fairness to those taxpayers who may have overlooked this phase of the changeover to the pay-as-you-go system."

"Second, although many taxpayers will find that they are substantially paid up on their 1943 taxes—some of them, in fact, being entitled to refunds—it is still necessary for them to file a return."

Collector Maloney explained that under the pay-as-you-go system, all current tax payments through withholding from wages or by means of payments on "declarations of estimated tax" are only approximate. Therefore, it is necessary to file a return at the close of the year to determine

West Gasoline Situation Serious, OPA Advice

PORTLAND, Jan. 13.—(AP)—The Pacific coast gasoline situation is serious and tires for passenger cars are as hard to get now as at any time since the war.

So said Leo F. Gentner of the OPA at Los Angeles on his arrival here. He had nothing to say about persistent rumors that gasoline rations would be reduced. But tire production, he said, has not increased according to original estimates.
