Select Broad Breasted Beef-Type BRONZE TURKEY POULTS
Blood Tested

We have spent the last 20 years developing this fast maturing, heavy bird with high livability. It costs no more to feed a broad-breasted, beef-type bronze turkey poult than an inferior type bird.

Our breeders have been on clean green ground since being placed on range and will continue through poult season. We have many satisfied customers to give as reference.

Consider quality—they cost less.
