POET'S CORNER

THE EXTRA BOND

By A. S. W.

I bought an extra bond today,
Because my son is far away.
Fighting in this battle grim—
And I am standing back of him.
I'll help in every way I can
To be worthy of my fighting man.
And to bring him home again
Some day
I bought an extra bond today.

American Legion Auxiliary Activities

By MRS. CLAUDE BAKER

Tuesday evening at eight o'clock at the Odd Fellows hall the auxiliary will meet for its monthly social hour. New comers to Roseburg will find the hall above Clarks photo studio, Mrs. L. A. Rhoden has invited 2nd Lt. Aida B. Hendricks, WAC recruiting officer as a special guest. Everyone will want to hear her. Special music will entertain members and guests and refreshments will be served the Legion and auxiliary following the social hour.

There will be no business at this meeting, Mrs. Rhoden states. Next month Mrs. Rhoden has another surprise social hour planned and later in the month there will be a big social gathering held at the Oriental Gardens. Two social events are planned for March and so until well into the summer there should be no lack of entertainment for Legionnaires and their women folk. New residents and new veterans are most welcome to drop around and get acquainted.

Oregon Legion and auxiliary members are proud of National Vice chairman of the rehabilitation committee, Laura Goode of Portland. Laura was state president three years ago and has held important national offices since. She has just returned from the national conference and tells us that both Legion and auxiliary are now prepared to help returning discharged veterans to obtain employment. They are prepared to cooperate with the re-employment committees on local selective service boards and are urging men to register at once with their U. S. employment office.

Mrs. Goode has remarked that there was no hospital worker from Oregon in attendance at conference as has been the case in former years. Mrs. Harry Hatfield of Roseburg is the newly appointed hospital worker for the Veterans facility here. She represents national and state Legion and auxiliary groups. We understand that, no doubt through some delay, she has so far been unable to obtain gasoline for travel to the facility. Her work is so important both from a point of morale and physical well being of the old and new veterans at the hospital that we trust this will not create a hardship on the veterans who have come to depend upon the services supplied by the hospital worker.

The national emergency fund of the Legion and auxiliary will supply temporary aid to children of ex-service men who on account of residence provisions cannot get local aid. All local sources must first be exhausted before this becomes available. The auxiliary is planning to register children of World War II so that in view of mounting casualty lists they may be prepared for whatever lies ahead.
