U.S. VICTORY WASTE PAPER CAMPAIGN

This space donated by the News-Review as a public service.

AFTER YOU'VE READ THIS NEWSPAPER SAVE IT!

Newspapers, Magazines, Cardboard Boxes and Cartons are desperately needed for war!

Prepare your waste paper for easy handling

Flatten cardboard boxes and tie them in bundles not over 12 inches high. Fold newspapers flat and tie them in bundles 12 inches high. Magazines and books should be tied in 18 inch high packages.

See that it gets to a salvage depot promptly

a) If you miss your school pick-up, take your waste paper to the nearest fire station or school. If you have amounts weekly over 100 lbs., call the Goodwill Industries, Salvation Army, Volunteers of America or the St. Vincent De Paul Society for such packages.

b) If you don't already know—your local Paper Salvage Committee will advise you how to dispose of your waste paper. Phone, don't wait to be told. Waste paper is the country's No. 1 Critical Material. Make it your business to see that your salvaged paper gets to the proper depot promptly.

*Waste paper accumulates rapidly
in every home, store and office.*

*No doubt you have a considerable
amount on hand now.*

*Don't delay, turn all your waste
paper in at once!*

PAPER'S VITAL PART IN THE WAR

From the day a soldier goes to war, he is dependent on paper. From his draft card to his honorable discharge, his records are kept on it. His rations are packed in it; his cartridges are wrapped in it; his shoes are lined with it; his letters are written on it.

His barracks are built with paper wallboard, paper roofing, paper insulation.

He shoots at paper targets, eats from paper plates, drinks from paper cups.

His battles are planned, his orders are issued on paper.

Literally, he lives, trains, travels and fights, with paper his indispensable ally.

And, of course, his "honorable discharge" will be handed to him on a piece of paper—after a beaten Axis has signed the peace terms—on paper!

Once we get our fighting men overseas, it takes 81 tons of supplies per month per man to keep them there.
