

Union Wins Ruling On Bargain Issue

WASHINGTON, Feb. 28—(AP)—The supreme court ruled today that an employer is required by the National Labor Relations act to bargain collectively with a union, regardless of contracts reached with individual employees.

Justice Jackson delivered the 8-1 decision which upheld the main provisions of a Labor board order directing the J. I. Case company, of Rock Island, Ill., to bargain with the International Agricultural Implement Workers of America (CIO). Justice Roberts favored reversal, but did not write a dissenting opinion.

The majority opinion said it was "the very purpose" of the NLRA law to supercede the terms of separate agreements with those which "reflect the strength and bargaining power and serve the welfare of the group."

"We are not called upon to say," the court added, "that under no circumstances can an individual enforce an agreement more advantageous than a collective agreement, but we find the mere possibility that such agreements might be made, no ground for holding generally that individual contracts may survive or surmount collective ones."

communique today saying a United States aircraft carrier and three big warships were sunk east of the Marianas Islands, Feb. 22.

The claims were without any allied confirmation.

The broadest said the fleet included more than 10 carriers and eight battleships.

Two of the other three American warships reported sunk were "most probably" aircraft carriers, declared the communique, which asserted that still another carrier had been damaged. Attacks on the task force were carried out by Japanese naval air units, it added.

The communique said that about 200 carrier-based American planes from the force had attacked Saipan, Tinian and Guam islands the morning of Feb. 23, but described damage as negligible.

RABAU, KAVIENG GIVEN INTENSIFIED BLASTING

ALLIED HEADQUARTERS, Southwest Pacific, Feb. 28—(AP)—American destroyers, after giving Kavieng its worst bombardment of the war, turned their guns on tottering Rabaul Friday in coordination with a devastating 112-ton aerial bombing.

Gen. MacArthur said today the once formidable New Britain fortress offered only sporadic return fire which was quickly silenced by our steady salvoes which left towering columns of smoke.

For the sixth straight day a single enemy plane rose to intercept the large escorted flight of Liberators and Mitchells which planted their bomb loads effectively and without loss despite anti-aircraft fire.

The bombardment followed by a few hours the third and heaviest shelling of Kavieng, on the northern tip of New Ireland, by destroyers which poured thousands of rounds of five-inch shells into the town, harbor, ammunition dumps and storage areas, and raised havoc with shipping.

Unlike Rabaul, Kavieng appeared freshly reinforced and returned accurate and consistent fire which caused minor damage to two ships and injured seven men.

The destroyer force accounted for seven ships sunk and seven others damaged.

Other Bases Blasted

To the west Mitchell bombers ranged across the Bismarck sea to bomb and strafe airdromes in the Admiralty Islands unopposed and others unloaded 102 tons of bombs at Wewak, shipping base and troop center on the north-east coast of New Guinea, despite uncomfortably hot anti-aircraft fire.

Three planes were destroyed on the ground at Wewak's airdrome and a heavy anti-aircraft battery was wiped out.

The Madang area of northwestern New Guinea, toward which American troops are driving, was strafed by bombers which fired supply and bivouac areas while offshore our torpedo boats sank six enemy barges.

Scholarships Open To Oregon High School Seniors

CORVALLIS—April 1 has been set as the deadline for turning in applications from high school seniors for state board of higher education scholarships to attend any of the five undergraduate institutions under its control, announced Dean E. B. Lemon, chairman of the committee on high school relations.

Scholarships to Oregon State college or the University of Oregon carry a value of \$66 toward annual tuition and fee charges, and \$25.50 at the colleges of education. Applications are turned in to the high school principals, who transmit them to the state committee.

Approximately 250 of these scholarships were awarded last year, but the number will be considerably less this year as it is based on a percentage of the enrollment says Dean Lemon.

The academic calendar at Oregon State college for 1944-45 will be essentially the same as this year, which means fairly late starting of the fall term and a consequent late graduation date the following spring. This is necessary to make the civilian terms correspond with the army student schedule, college officials state.

Freshman week will be October 3-6, with civilian registration October 7. The 1944 summer session begins with registration July 8, with classes starting July 10.

Price Ceiling on Dried Apples Made Retroactive

WASHINGTON, Feb. 28—(AP)—The OPA yesterday made retroactive to Sept. 15, 1943, the maximum prices established Nov. 16, 1943, for sales of dried apples to government procurement agencies.

OPA said the action was necessary to prevent hardship for processors who neglected to exercise their right to file for price adjustment on sales made during the two-month period before the higher 1943 ceilings were issued.
