BOMBS FOR FUJIYAMA

By Charles V. Stanton

MRS. JOHN HULSEBUS, who recently had a letter in the News-Review asking everyone to write the War department to urge that bombs be dropped in Japan's volcanoes, tells us she is having no luck with her project.

"Too many people think the only time we have any say is on election day, and then they go to the polls and vote for one thing one day and then cuss it for 365 days," Mrs. Hulsebus asserts, adding that we have one more cussing day this year.

We only wish there were a few people in Washington who believe as she does that: "all our officials are servants of the people—even to our president. We elect them because we can't all be in Washington and we think certain ones will carry out our wishes."

Not being a volcanologist we refuse to express an opinion regarding possible effectiveness of Mrs. Hulsebus' plan for dropping bombs in Japan's volcanoes to cause them to shake down the country.

But we heartily endorse her idea that individuals should make themselves heard at Washington. We would not be in the domestic muddle we are experiencing today if more people had taken an active interest in governmental affairs, instead of leaving control to the regimenters and the bureaucrats.

If you, as an American citizen, think it would be a good idea to drop a few block busters in Fujiyama to start the islands of Honshu and Hokkaido on a jitterbug marathon, then it is your privilege to say so.

So we join wholeheartedly with Mrs. Hulsebus in her idea that we should let the higher-ups know what we are thinking, and we thank her for calling our attention to the fact we have an extra day for cussing.

However, there are a few things about Mrs. Hulsebus we think you ought to know. For instance, we want to tell you about the American flag she has made.

She has obtained a copyright on the flag, as well as on a patriotic poem. Her exhibit of art and needlework has interested a great many people in the Melrose district, where she resides.

and coffee. It's jammed from opening time until they finally close the doors in people's faces.

Two Douglas county men were among those recently graduated from an intensive course of specialized training at the Great Lakes, Ill., naval training station.

James D. Acord, son of Mrs. R. E. Baker, Days Creek, was graduated recently as an aviation cadet army air field, Hondo, Texas.

Calvin O. Person, son of Mr. and Mrs. William Person, 617 Cobb St., Roseburg, has arrived at the University of Denver for a course of instruction to last approximately five months prior to his appointment as an aviation cadet.

Gerardine M. Morgan, daughter of Mrs. Edna J. Harris, Rt. 1, Roseburg, has completed her six weeks recruit training at Camp Lejeune, New River, N. C., training center for all women Marines.

Here, as elsewhere, there are no signs of undernourishment. We complain a lot about food restrictions, but we're all getting all we need. We're probably better off than in the old days of over-feeding.

THE pork sparerib idea has hit Washington. So far as is generally known, there is only one place and it's doing a rushing business—serving only pork spareribs, fried potatoes (Idaho, according to this menu) cole slaw

Roseburg Unit of Flight Club and Exam are Scheduled

Captain Lee D. Allshouse, president of the Oregon aviation cadet examining board, will visit Roseburg Wednesday, March 15, for the two-fold purpose of organizing a local flight of the new Oregon Silver Wing club and for administering the aviation cadet mental examination to seventeen-year-olds interested in joining the army air corps enlisted reserve.

Silver Wing clubs are being organized in high schools throughout the state where there are students enlisted as cadets. It is designed to assist the cadet candidate in preparing for his fourteen months of intensive air crew training and to secure his help in the procurement of additional men.

An interesting feature of the club is the exclusive shoulder patch insignia which was designed by Walt Disney and which members will be authorized to wear on civilian clothes.

Besides the examination at the local high school at 1 o'clock Wednesday, the captain will give similar tests in Myrtle Creek on March 22, and in Oakland on March 23. Seventeen-year-olds not attending high school may also take the examinations on these dates.

DIAL LOG

Monday night—and one of our favorite listening spots again, starting at 6 with our favorite Gabriel Heatter and running clear through to 10 with Sherlock Holmes. Army Air Forces at 6:30—Chuck and the Bunkhouse Boys at 8 with their western music—and thanks for our song. Seems like we heard some one ask for a square dance complete with calls. Sounds like a good idea to us. Point Sublime at 8:30. Poor old Hattie had us in tears last week—we wouldn't miss this show for anything. Sherlock Holmes at 10—and it's a miracle of something but we had some advance dope on it—it's "The Peculiar Persecution of John Vincent Harden," complete with Professor Moriarty, luminous floating faces, an ex-prospecter a mysterious secret room and a deserted insane asylum—WOW—better take a sleeping powder after this one.

On Tuesday night San Quentin will honor the patron saint of Ireland. The orchestra offers "The Kerry Dance" and Johnny Trudring sings a song as Irish as his name—"When Irish Eyes Are Smiling." More new things coming along shortly, too. But for tonight, just relax and enjoy some of the best entertainment on the air.

Jobs for Veterans To Be Subject of Conference Here

A two-point program involving the increased scope and magnitude of job placement problems for returning veterans, plus special services for handicapped persons available for work, will be outlined Tuesday and Wednesday at an area conference at the Roseburg office of the United States employment service, according to F. W. Chase, manager.

Conferees from the State War War Manpower commission headquarters in Portland will meet with local USES managers and officers, including Arthur L. Anderson, in charge of the Grants Pass office; Lewis Ulrich and John J. Patton, Medford; Sam Lehman and R. M. Matson, Marshfield and C. V. MacDonald, John S. Moriarty, and Lee Giddings, Eugene.

Tuesday's program, according to Manager Chase, includes as speakers J. Richard Smurthwaite, Jr., state veterans' employment representative; E. G. Sloan, special services supervisor, placement division; C. Weeks, staff training supervisor; and H. M. Robbins, training officer.

Similar area conferences are scheduled for Salem March 17-18; Baker, March 21-22; Bend, March 24-25, and Portland, March 29-30, Chase disclosed.

DAILY DEVOTIONS

DR. CHARLES A. EDWARDS

The world leaders insist that this war can end only in unconditional surrender. The only way we can come to God is by unconditional surrender. We cannot, we dare not go through any given day or year of life without this holy submission to the living God. That millions of people are without God should drive us to our knees in agony of prayer. On bended knees we will see the reason for the irreligiosity of the world, we will become more certain of our faith. We will place ourselves in the position of complete dedication to God in Christ. But complete dedication can come only from the vantage point of bended knees. There is no religion without it. We must find and keep regular times for worship when we kneel before Almighty God and wait in prayer before Him, wait until we receive the power and strength, the courage and hope which provides us with fellowship with the Infinite. The Psalmist saw this and cries out, "O come, let us worship and bow down." Christ must have first place in our lives, or something of less importance than He will. The secret of much of our failure, is that in all things, he does not have preeminence. May we learn the art of complete surrender to God. Amen.

The world leaders insist that this war can end only in unconditional surrender. The only way we can come to God is by unconditional surrender. We cannot, we dare not go through any given day or year of life without this holy submission to the living God. That millions of people are without God should drive us to our knees in agony of prayer. On bended knees we will see the reason for the irreligiosity of the world, we will become more certain of our faith. We will place ourselves in the position of complete dedication to God in Christ. But complete dedication can come only from the vantage point of bended knees. There is no religion without it. We must find and keep regular times for worship when we kneel before Almighty God and wait in prayer before Him, wait until we receive the power and strength, the courage and hope which provides us with fellowship with the Infinite. The Psalmist saw this and cries out, "O come, let us worship and bow down." Christ must have first place in our lives, or something of less importance than He will. The secret of much of our failure, is that in all things, he does not have preeminence. May we learn the art of complete surrender to God. Amen.
