

Children's Care To Be Arranged by Welfare Board

The Douglas county welfare commission is arranging to act as a clearing house to establish contacts between people desiring to care for children and parents having children who need care during working hours, it was reported today.

The commission has been contacted by a number of working parents who are in need of assistance in finding places where children may receive care. At the same time, it is reported, there are several homes in Roseburg where children are cared for during working hours.

Persons engaged in the care of children and having facilities for handling a larger number are requested to register with the welfare commission, phone 316, at the courthouse in Roseburg. Parents desiring to find places for their children also are requested to contact that office.

The welfare commission, it was stated, will inspect all homes registered to see that conditions are suitable, although no supervision or regulation will be undertaken.

planes crashing to earth during attacks Saturday on targets in Genoa, Padua, Florence and the French naval base of Toulon. The allies lost 14 planes.

Yugoslav partisans commanded by a United States officer have captured the port of Pucisce on the northeast corner of Brac island off the Dalmatian coast, Marshal Tito's headquarters announced today.

Brac, a rugged 152 square-mile island, lies 10 miles southeast of the port of Split and has been used in the past as a submarine base.

Air Power Emphasized.

In a broadcast last night to the United States, Brig. Gen. George McDonald, director of intelligence for the U. S. strategic air forces in Europe, indicated that possibly 3,000 allied planes attacked Nazi targets in one day last month.

"The greatest number of aircraft ever put into the air against Germany," took part in operations February 25, he said.

"That day," he said, "Fortresses from both the British-based 15th air forces bombed aircraft plants at Regensburg while other Fortresses from the Eighth struck Augsburg and Stuttgart, and Liberators of the same force bombed Furth. Thunderbolts, Lightnings and Mustangs by the hundreds were on escorting duty.

"B-26 Marauders attacked the Venlo and St. Trond airfields the same day with a Spitfire escort.

"That night British Lancasters and Halifaxes in two attacks dropped 2,000 long tons of bombs on Augsburg and Mosquitos raided western Germany."

Army Training Program Age Limit Is Expanded

EUGENE, Ore., March 13.—(AP)—The army's specialized training reserve program has been expanded to admit men who will have attained their 17th, but not their 23d birthday, by July 1, says Maj. W. S. Averill, commandant of the University of Oregon ASTP.

Qualifying tests will be given here and at other campuses and high schools Wednesday. Successful candidates will replace soldier students called to active duty.

Most replacements will be men who will be less than 17 years and 9 months old July 10 and not subject to active duty until after at least six months' study, Maj. Averill said.

Colonel Means declined further details, saying that a board of inquiry had been appointed to investigate the matter.

Casualty News Eased, Second Party Staged

NEW YORK, Mar. 13.—(AP)—Julius Katz was a happy man again today—although a bit exhausted.

A news dispatch last week said his brother, Corp. Werner Katz, had killed the first Japanese in the American drive into Burma. Julius gave a party to celebrate.

The next day the War department notified him Werner had been killed in that action.

A second War department message came yesterday. It said the soldier-hero had been slightly wounded, not killed, as first reported.

Julius gave another party last night.

Wage Strike Threatens 9 Portland Sawmills

PORTLAND, Ore., Mar. 13.—(AP)—Work will stop at nine sawmills here Wednesday as some 1,650 members of the CIO International Woodworkers of America leave their jobs to discuss a possible strike in protest to a recent denial of wage increases.

Joe Defreitas, union secretary, said that if a strike is voted the men will return to their jobs and serve notice to employers under the 30-day wait period required by the anti-strike law.

The War Labor board's west coast lumber commission, which turned down the CIO's demand for an increase from 90 cents to \$1.02 1/2 cents an hour minimum,

is scheduled to review the case later this month.

Reds Press On Toward Nazis' Base at Kherson

The Germans were reported retreating in panic.

As German fortunes worsened by the hour in the Ukraine, it was reported that Nazi commanders of the Northern and Central Russian fronts had been relieved and replaced by trusted Nazis. Marshal von Keuchler was replaced, because of his defeats around Leningrad, by Gen. Walther Model. Marshal von Kluege, reportedly seriously wounded, yielded his

central command to General Ernst Busch.

ancient feud with the Irish, and also for these other practical considerations:

1. Southern Irish volunteers make up a considerable part of the British armed forces;
2. Great numbers of Southern Irishmen—they have been esti-

mated as high as a quarter million—work in British war plants.

3. The ending of all trade with Eire would in some respects operate to the disadvantage of the British as well as the Irish.

De Valera's paper, the Irish Press, declared it still was not clear why the initial American note asking the master of axis diplomats ever was sent and "there could have been only one answer, that which has been given. Its sending can only have resulted from misreading of the whole situation in this country."

That is an American boy... behind that wire!

THAT is an American there condemned by the chance of war to eat alien bread in some far-off prison camp.

He is hungry for news... hungry for the sight of his native land... for the sound of a voice like yours... for the touch of a woman's hand.

But he won't be forgotten! For the Red Cross, to the utmost of its power, will get your letters in to him... will pass his letters out to you.

And every week, right from your heart, he will get, if humanly possible, a nourishing Red Cross food carton... eleven full pounds of the sort of food you'd give

him if you still had him safe at home. Meat, cheese, sugar, prunes, chocolate bars and real American cigarettes and tobacco!

If he is sick or wounded, he will get a

Red Cross invalid package containing food for a special diet, doubly enriched to bring him quickly back to health. No, he won't be forgotten... not while your Red Cross is on the job.

You have given your sons...

you have done the extra work... donated your blood and bought your bonds.

Yes, and you have helped the Red Cross before with a generous and willing heart.

Giving to the Red Cross has always been a great proud habit of thirty million American families... proud that they could give... proud of the Red Cross that made the giving worthwhile.

But this year, when the need is greater than ever before—this year you will want to give more... to give freely to your own Red Cross... to your own sons in the service.

This year dig deep and be glad. For wherever he is

The RED CROSS is at his side and the Red Cross is YOU!
