# SOUTHERN OREGON WOOL POOL

Commodity Credit Corporation, U. S. Department of Agriculture, has announced its 1944 Wool Program, under which it will purchase the entire 1944 wool production of the county.

The announced purpose of the program is to support the market for domestic wool and to assure the immediate availability of wool for wartime requirements.

Under this program the grower will be entitled to place his wool with an approved handler of his choice where it will be purchased by C. C. C. at prices determined by official government appraisers. The prices generally speaking will be full ceiling prices less specified marketing costs.

Grower lots of less than 3,000 lbs. may be purchased outright by dealers, but such wool **must be sold to C. C. C. by the purchaser.** Obviously such purchases will be made in the hope of securing a profit greater than the allowed commission.

The Southern Oregon Wool Pool, Roseburg, has designated Adams & Leland, Inc., Boston, Mass., as the handler through whom the pool will be sold to C. C. C.

This firm has handled the Roseburg pool many times; they know the wool; they have the experience and facilities to handle it to the best advantage of the pool members, and their reputation for fair dealings assures the growers of receiving the full benefits of the government program.

An advance of 40c per pound (30c on lamb wool) will be made to each grower at loading time. Adams & Leland, Inc. have agreed to grade the wool promptly after arrival at Boston and render final accounting as soon as appraisal has been made.

The following points should be considered:

1. The program is formed to protect domestic wool against the competition of cheaper foreign wool and other competitive fibres.
2. It includes all 1944 domestic wool.
3. The way to obtain the full benefit of the program is join with your neighbors by pooling your wool for shipment and appraisal.
4. Outright sale of your wool is likely to lose for you some portion of the price benefits of the program.

All newly-established wool growers, as well as older ones, in Douglas, Jackson and Josephine counties not now members of the pool are invited to join. Notify Philippi & Rohr, Roseburg, Ore., giving your address and stating number of fleeces.

Signed: Southern Oregon Wool Pool Committee.
