

Denmark Isolated By Nazis to Halt Sabotage Spread

STOCKHOLM, April 25—(AP)—Hitler's special deputy and minister to Denmark, Werner Best, declared today that the Germans were moving swiftly against Danish saboteurs and underground elements affecting German interests.

Denmark was virtually isolated from Sweden and Best's statement before Danish press chiefs was the first tangible evidence of the reason. The country was cut off late yesterday afternoon.

Best asserted that Denmark was "swarming" with underground workers and it therefore was Germany's task to "attack swiftly and sternly." He said the nazis would show no mercy toward saboteurs, indicating they would be summarily shot when caught. He expressed hope that "conditions would stabilize" and that Danish public opinion would react against the recent increase of sabotage.

The belief was prevalent in Stockholm that Denmark was isolated so the underground could be cleaned up as a pre-invasion security measure. Similar action was expected in other occupied countries, many Swedes believed.

Only the barest, unsubstantiated rumors trickled through the Nazi blockade of Denmark. One was that the Copenhagen harbor area was closed. Another said German soldiers were guarding railroads and keeping close watch over workmen. The newspaper Aftenbladet said there were rumors last night in Helsinki of disturbances in Copenhagen and other parts of Denmark. Such rumors should be treated with the greatest reserve, however.

Blockade Evident

Salient facts of the situation were these: Germans, Finns and Norwegians were forbidden to travel to Denmark from Sweden by ferry. Swedes were not directly forbidden but state railways refused to sell tickets to Denmark.

Telephone service between Sweden and Denmark has been shut down completely since last night except for official calls which still are coming through from Copenhagen.

The usual early ferry left Malmö this morning for Denmark without passengers other than ten carloads of German sick and wounded transited last week through Sweden from the northern Finnish front. The Danish general consul in Stockholm was unable to communicate with Copenhagen.

Similar isolation developed on August 29, 1943, when the Germans took over control of all Denmark.

Future Farmers Chapter Here Elects Officers

Harold Bailey was elected president of the Roseburg chapter of Future Farmers of America at a meeting held at the Roseburg high school Monday. The officers will serve for the ensuing year. Dick Stark was chosen vice-president; John Cabeal secretary, Howard Cary reporter, and Hyle Hughes treasurer. Harold Bailey and John Cabeal will represent the chapter as official delegates to the Oregon association, which will meet at Portland May 4 and 5. Homer Grow, advisor, will also be in attendance at the Portland meeting.

For Meritorious Service

H. J. Cox, member of the State Executive Committee of Keep Oregon Green, is shown awarding the Green Guard merit badge to Harold Louderback, 13-year-old Goshen school boy, for outstanding service to his community. This lad is one of several selected from the 10,000 members of the Green Guard in Oregon for extraordinary work in fire prevention. He reported a fire in a sawmill in his home town and his promptness saved the mill from destruction. The Green Guard merit badge is a newly authorized method of recognition for boys and girls in this important public program.

Place Orders for Truck Units Early, Urge on Farmers

Motor trucks used in moving wartime farm crops are vitally in need of reconditioning, Donald F. Call, district manager of ODT's division of motor transport said today.

"About 55 per cent of farmer-owned trucks are more than seven years old," Call declared, "and according to latest figures there are 2,986 farm trucks over ten years old in this district."

"If these trucks are to continue to do their job this year, every truck owner and driver should adopt a comprehensive program of preventative maintenance and general truck reconditioning."

The exchange of large component parts such as engines, transmissions and differentials for rebuilt units is "the shot in the arm" old age farm vehicles will

need, Call pointed out. He said that according to Washington plans recently announced, new and rebuilt units will be made available upon order at original manufacturers plants, engine rebuilders and dealers garages.

Call urged farm groups to look over their equipment carefully and to place orders for exchange units in time to meet crop hauling schedules.

Public Service Agent to Meet With C. of C. Heads

Gladys M. Everett, field representative of the War Public Service agency, will meet in Roseburg at 7:30 p. m. Wednesday with officers of the Roseburg chamber of commerce. She is to survey Roseburg's recreational needs with a view of determining whether the community is eligible for aid under the federal assistance program, which provides funds to aid cities in which population growths are due to war industries.
