

## Food-for-Victory Meetings Dated In Douglas County

Preparation of foods for freezing will be demonstrated at the Canyonville community hall at 3 p. m., May 3; at South Deer creek grange at 11 a. m., May 4, and at the Days Creek school at 1 p. m., May 5 by Mary Virdia Maw, emergency assistant in the War Food program. All homemakers are invited to attend the meeting in their community.

Miss Maw will also lead a discussion on planning the family food supply at the Glide school, 2 p. m., May 2. Women in the Glide community are welcome to participate in the Tuesday meeting and to help select topics and dates for future demonstrations on food preservation methods.

A garden on every farm and a garden for every non-farm family, who can secure garden space, are the objectives of the county food-for-victory program, of which this week's meetings are a part. Each homemaker, rural and urban, will want to further insure her family against food shortages by planning a food preservation budget. This budget will include amounts of fruits and vegetables to be canned, frozen or stored for the non-productive months.

The emergency assistant suggests that homemakers plan now for the busy canning season by securing the necessary jar and lid supply and by having pressure cooker gauges checked for accuracy. The Oregon State college food industries department offers a pressure cooker gauge testing service and gauges may be sent to them through the county extension office.

## California's Entry in Triplet Derby

California's entry in the burgeoning multiple birth derby throughout the country are these three new youngsters, sons of Mr. and Mrs. Mario Milano of Mountain View. The triplets, born Nov. 21, are, left to right, Ronald, Robert and Richard.

## Beavers Defeat Padres in Slugfest Of Twelve Innings

(By the Associated Press)

Although the San Diego Padres scored five runs in the first half of the twelfth inning of the opening contest of yesterday's Pacific Coast league double header with the Portland Beavers, they failed to win the ball game.

Frank Shone, a pitcher playing in right field for the Beavers, opened the home half with a double and wound it up with another double which scored two runs and made the final count Portland 8, San Diego 7.

The Beavers went on to win the seven-inning nightcap 1 to 0 and pulled into a tie for second place with Los Angeles, victim of a double shellacking at Oakland by scores of 11 to 2 and 11 to 1.

## Conventional Lobbyists

Making certain they have reservations for the Republican and Democratic conventions in June and July, these two familiar "politicians" showed up in the lobby of Chicago's Hotel Stevens. One even brought his trunk.

They won Saturday's second tilt 8-0 after losing the opener 8-3.

In Seattle, the Rainiers squeezed out a 4-3 edge in their series with the tail-end Sacramento Solons by pushing across six runs in the fifth inning of the opener to win 6-2, but dropping the nightcap 4-0. Seattle won Saturday, 8-2.

San Francisco split with Hollywood, losing one opener 7 to 8 and winning the seven-inning game 3 to 0 to remain on top of the league standings. The two clubs did the same Saturday, the Stars winning the first 4-1 and dropping the second 3-0.

San Diego and Portland will play off their postponed game of Saturday tonight in the only league contest scheduled.

Team Standings.

## First Yankee Tanks in Asia Battle Japanese

(Continued from page 1)

Yellow river north of the Lung-hai railway, from which the Chinese had removed the tanks.

The invaders were reported to have begun an immediate fortification of the pass, rushing preparations for a possible drive on Loyang.

Loyang experienced a heavy Japanese air attack.

The pass is west of Chenghsien, which previously fell to the Japanese. Heavy fighting is continuing around Mhsien, south-west of Chenghsien, with the Chinese asserting they have walled off the invaders on three sides and inflicted heavy casualties.

The Japanese continued an advance down the trackless Peking-Hankow railway and were threatening the important town of Hsuehchang, 50 miles south of Changhsien.

The Chinese announcement was coupled with a disclosure by U. S. army headquarters that American planes have been thrown in to back up Chinese troops battling the invaders' offensive to the northwest in the Chenghsien area.

While the ultimate objective of

## Eagles Aerie to Elect Officers, Enjoy Crab Feast

The Roseburg aerie of the Eagles lodge will hold its annual election and crab feed at the lodge hall Tuesday night. The polls will open promptly at 8 p. m., it is announced, and will close at 9 o'clock. Only two offices are contested, three candidates having been nominated for president and two for conductor.

Nominees are: President, Jack Later, Joe Wolff, M. R. Rockwell; vice-president, Elmer Hampton; chaplain, Everett Partin; secretary, George Frew; treasurer, V. M. Orr; trustee, Earl Henry; aerie physician, Dr. H. B. Scofield; conductor, Francis Niday and Dexter Huff; inner guard, Walter Gaper; outer guard, J. L. Shrum.

The crab feed will be open to all lodge members, their families and invited guests.

At the last regular meeting of the aerie, the following new members were initiated: Wm. Schofield, James Miller, James Brown, Ed Davis, Mike Murphy, Thomas Doyle, Howard Moore, Smith Prowell, Lewis Miller, R. K. Shelton, L. L. Burr, Hobard Schultz, Cliff Colley, Virgil Taylor, J. Woodworth.

The lodge voted to enter a float in the community and pet parade, being sponsored by the Douglas County Mounted Police May 13, and Everett Partin was appointed to prepare the entry.

## Britons, Nazis Jittery As Invasion Impends

(Continued from page 1)

awareness of the impending invasion has been forced on the people in many ways in the past few weeks—particularly by the non-stop aerial offensive which has

been battering at the ramparts of fortress Europe.

The time for the lunge against the continent—which British Labor Minister Ernest Bevin said Saturday he knew, but wasn't telling—presumably was agreed on by President Roosevelt, Prime Minister Churchill and Marshal Stalin at Teheran.

Having reached their conclusion, the time fixed is practically irrevocable. There can be no putting it back or forward.

Today the Germans kept up their wild guesses as to the date, and the allies maintained their silence.

## Roseburg School Board Elects Ten Teachers

(Continued from page 1.)

would amount to about \$3,000.

An emergency salary schedule was adopted providing about a 17 per cent increase, which, with raises previously granted, raises the salary rate in the several schools about 29 per cent over the prewar base.

## Joint Blow Needed to Crush Nazis, Stalin Says

(Continued on page 6)

of a hurricane."

The Germans are now "trying to guess where the next blow will fall," the newspaper declared as a soviet communique reported that the land front lull had entered its second week without any important changes.

(The Germans have begun the evacuation of Lublin, Poland, junction of the Kiev-Warsaw and Odessa-Warsaw railways, the Polish telegraph agency said. Lublin is just under 100 miles west of Kowell and 115 miles northwest of Lwow.)

The bulletin said local nazi at-

tacks were thrown back south-east of Stanislaw in the Carpathian foothills and north of Iasi on the Romanian front. It added that soviet naval units in the Black sea sank two of three German transports attempting to leave besieged Sevastopol.

## TAKE-OFF TO TOKYO

- From Carrier Decks of West Coast Wood!

JAP ISLAND BOMBED! . . . say the headlines day after day. Soon they'll be shouting, TOKYO BOMBED AGAIN!

## WOOD AT WAR

90% of all wood production today is going to war. 34 billion board feet will be needed this year. Of this amount, 16 billion will go into crates and boxes to move guns, planes, ammunition, food, and other supplies to fighting fronts. Another big share will be shipped in bulk to active war zones for quick shelter repairs, docks and hospitals. Postcard request to this newspaper will bring you an informative booklet about wood at war. Ask for "West Coast Lumber Must Serve the Guns."

You men and women of the West Coast woods are playing a big part in these events. Our aircraft carriers are decked with timbers YOU produce! Just as important . . . YOU are producing the wood to make barges, ponton bridges, docks, hangars, crates, boxes, and the thousand other wood needs of war.

This is the critical year. More "fighting timber" is needed now than ever before. Production is up. YOU are delivering the woods . . . let's keep it up!
