VOTE FOR DR. JOEL C. BOOTH for delegate to the Republican National Convention

Dr. Booth is at present a member of the Oregon State Senate and has been for the past 10 years. He is an active Methodist, Past Master Mason, Past Noble Grand I. O. O. F., Past President Lions, twice President of Central Willamette Medical Society, member of other military and social fraternities. Thru these activities he is in constant association with numerous citizens and is able thru these associations to know what the average citizen's viewpoint is toward the important problems which will confront a representative of the people at this time. The records prove his furtherance of Republican principles and intelligent legislation. Having experienced active service in three wars and seeing the results of such conflicts he favors spending all money necessary in the war to save every life possible to bring this war to a speedy end, but is conservative enough to oppose needless and careless spending not pertaining to the war.

WALTER W. WHITBECK DEMOCRATIC CANDIDATE FOR UNITED STATES SENATOR

BIOGRAPHY

Walter W. Whitbeck was born in St. Paul, Minnesota, in 1892 and settled on a farm in Clackamas County, Oregon, in 1910. He joined the army in 1917 and served as a Sergeant Major, Chief Engineer in the Motor Transport Corps. He is married and has a family of six children. Three children are attending Public School and two sons are serving in the combatant armed forces of the Army and Navy.

Upon his return in 1920 from war service Mr. Whitbeck was appointed Labor Agent for several large railroad and logging companies. In 1924 he entered the general insurance business. Whitbeck has been active in civic affairs and Democratic party politics for many years and is a member of the American Legion, Oregon State Grange, Fraternal Order of Eagles, P. T. A., Jackson Club, Willamette Society, Democratic Central Committee and several old-age pension associations. He is a home owner and taxpayer and a member of the Christian Faith.

Walter W. Whitbeck's Platform:

WAR

1. He proposes to bend every effort to bring about a full prosecution of the War and will support President Roosevelt's winning the war program and the four freedoms.

PEACE

2. He is in accord with the Gallup poll and public demand for a League of Nations and a permanent peace. A peace constructed after the pattern of the Atlantic Charter, which also guarantees to all nations the four freedoms. The United States Senate must ratify any and all peace treaties by resolution. All treaties should be designated to prevent any nation from exploiting any other nation.

Christian philosophy and brotherly love should be the dominating factors. Public confidence has been weakened in members of Congress who have carried partisan politics beyond the best interests of the United States. Their desire to shear our president of administrative power has been exceptionally detrimental to the cause of winning the war and winning the peace.

RECONSTRUCTION

3. The reconstruction program will require federal aid in subsidizing industry during the change over from wartime to peacetime production in order to prevent wholesale unemployment.

employment and slack business conditions.

REHABILITATION

War Veterans

4. Returning service men should be guaranteed, if wounded and disabled, proper training under a rehabilitation program to properly fit them for gainful occupations. Just compensation should be awarded all men disabled. Proper hospitalization and scientific medical care must be afforded in each case. Veterans returning to private life should be paid a specific monthly sum until they find their peacetime employment. All young men who left school should be permitted to finish their education with government assistance. After the last war thousands of men came home to financially embarrassed families and many of them violated the law to obtain funds.

FARMS

5. Economic support for farmers to enable them to obtain real parity and equality and that prices of all farm products be placed at fair prices in order that they can meet labor costs.

DEVELOPMENT OF OREGON

6. He proposes a Federal reforestation program and the opening of the national deposits of our Eastern and Southern Oregon counties. After the war thousands of ships will be built and he will use his influence to prevail upon the maritime commission to keep Oregon shipyards operating.

He will support further development of hydroelectric power, rural electrification and the construction of the Umatilla Dam.

LABOR-BUSINESS

7. He will vote to repeal the Smith-Connally Law and all legislation that hampers labor and business and will pledge loyal adherence to the policy of free labor and free business. Let's get back to the constitution.

8. Social Security for all and not just half of our people at minimum of \$50.00 monthly annuity.

The coming general election will be the most important in American history. America's future is at stake and our people should dispense with the services of all Pearl Harbor patriots and obstructionists.

Slogan—Support Roosevelt to win the war, peace, economic reconstruction, succeed Rufus Holman. Pd. Adv.
