**CITIZEN
SOLDIER?**

This is for YOU... brave answer to the question in your heart, *What can I do to help?* It is the uniform of the Volunteer Nurse's Aides.

I am a Navy nurse. Short months ago, I served in a civilian hospital. When the armed forces called for trained nurses, I could respond because women like you came forward to carry on my work. They became Nurse's Aides, assisting other graduate nurses remaining in civilian service.

Now I am going overseas, where your brother, or husband or son has gone. If he is injured, I will be there to nurse him back to health.

But we need many more graduate nurses to assure every man his chance to come home alive and well. Will YOU release a nurse for war? Call your local Red Cross, or Civilian Defense, and volunteer as a Nurse's Aide.

Nursing is but one essential citizen service. Dozens of others enable every good American to back up our fighting forces. Read the partial list here. Are you doing all you can for Victory?

Because keeping your car in good condition is vital to Victory, your nearby Helpful Associated Dealer is working harder than ever at his job. See him regularly for his many free Associated Services, and for famed Veedol Motor Oil and Veedol Safety-Check Lubrication.
