## DAILY DEVOTIONS

DR. CHARLES A. EDWARDS

Your cross and my cross, honored and loved today in your land and my land and all the world away; blood red and love red uplifted now to save your soul and my soul from sin, and from the grave. Christ's Cross, the true cross, it leads mankind to light, the glorious guidon of life's day. A beacon for its night your cross and my cross, its arms stretch west and east, while hearts sing, and bells ring the hallelujah feast. Your cross and my cross, a blessing in the sky. Your hope and my hope it brings salvation night, in home land and far land, and all the world around in every zone for sin atones where ever sin is found. Your cross and my cross and oh how great its power. The world's soul and your soul redeemed this very hour. Your heart and my heart beat quicker at the sight, time tried and world wide it ever leads aright. Christ's cross the true cross, the cross for you and me, glorified, all else beside the cross that makes us free.

"When I survey the wondrous cross
On which the Prince of Glory died,
My richest gain I count but loss, and
And pour contempt on all my pride."

## Beatty-Russell Circus All Ready For Show Tonight

Carrying all the traditional thrills of circus day, the newly combined Clyde Beatty and Russell Bros. circus, America's largest wild animal show, rolled into town at the crack of dawn this morning from Medford and with no perplexing delays erected an entertainment city of gleaming white canvas on Bellows' field for one performance tonight at 8 o'clock.

The scores of men, women, and children who assembled on the grounds this morning to watch the ever-alluring spectacle of erecting the tented city, witnessed a free show which to many is as interesting as the actual circus performance.

One by one the huge vans pulled onto the lot and discharged their cargoes. Ponderous elephants lumbered from their wagons, shaggy-haired camels alighted and stretched after their 110-mile move, while sleek horses and pert Shetland ponies pranced in the sunshine awaiting the erection of the menagerie tent.

Laborers set to work hoisting poles, driving stakes, and performing a multitude of other duties incidental to erecting the various tents—the sideshow of freaks and oddities, living and dressing tents, menagerie, and the all-important dining tent in which nearly 1800 meals are served daily to the large circus family of some 600 performers, workers and technicians.

Finally the big top nosed into the air and by early afternoon everything was in readiness for tonight's performance. Doors to the menagerie will open at 7 o'clock.

The crowning feature of the two-hour program is the appearance of the famed Clyde Beatty, world-renowned wild animal trainer, who battles 40 ferocious lions and tigers in a mammoth steel arena.

Other highlights include Mrs. Harriett Beatty's elephant riding tiger, tons of performing elephants, magnificent horses, the Flying Concellos, Amazing Freehands, Penny and Gutaris troups, a gorgeously costumed aerial ballet, and all manner of acrobats clowns, and artists of the flying trapeze.

Major Seely, who is chief of the surgical department of the Santa Ana army air base hospital, recently was called to Washington, D. C., where he was appointed as one of a board of five surgeons constituting a national board. Each of the five members was assigned to one of the five districts into which the country is divided and was made consulting surgeon for all of the hospitals in his area. Major Seely has jurisdiction over approximately 12 hospitals.

He was required to make an inspection trip to determine facilities and services at each of the hospitals, after which he returned to Washington, where, with other members of the board, reports were made to the office of the surgeon general with recommendations for improvements.

## Recreation Area Plan to be Aired At Meeting Here

Delegations from all parts of Douglas county have been invited to attend a meeting at the Roseburg chamber of commerce office at 7:30 p. m. Friday, at which time the plan for a Douglas county recreational district will be discussed. The project originated with the Reedsport chamber of commerce, which proposes, through legislative action, to permit organization of recreational districts upon authority of the voters within the proposed district. A board of trustees would be permitted to levy a tax at a rate to be decided by the voters, and the revenue would be used to preserve scenic and recreational areas, build recreational facilities and sponsor fish and game propagation.

The county court, the county legislative delegation, representatives of the mounted police, chamber of commerce officials and civic leaders from all communities have been invited to attend the meeting, at which the project will be thoroughly explained by a delegation from Reedsport.
