Capacity Crowds Greet Bond Shows At Indian Theater

Two capacity crowds jammed the Indian theater last night for the War Bond show presented by entertainers from Camp White. The unique drama, "Call of Freedom," with its intense emotional appeal deeply impressed the huge audience. Particularly impressive was the closing roll call of Roseburg heroes who have sacrificed their lives in combat.

The Roseburg girls drum corps joined with the Camp White 30-piece military band in providing entertainment. The band played a street concert during the afternoon, and preceding the shows at the theater. The drum corps also was presented in exhibition numbers.

The show was most successful in every respect, War Bond committee members reported, particularly in stimulation of bond sales to individuals.

The committee was very appreciative of the response to the appeal for theatergoers to attend the first performance. As a result of the capacity house at the opening show, it was possible to provide accommodations for the late crowd.

Farley, Unlike Wife, to Stay in Democratic Party

DALLAS, Tex., June 29—(AP)—James A. Farley finds politics "bewildering" in Texas.

"A bit mixed up" in his own home...

The former democratic national committee chairman told a luncheon group yesterday that after talking to 100 Texans he still couldn't figure out the local political situation, and then he got a laugh by adding, "but politics in my own home is a bit mixed up."

This was a reference to a report that his wife had announced in Chicago that she didn't intend to vote for President Roosevelt for a fourth term.

Regardless of how his wife may feel, Farley said he would remain in the democratic party. "Now and in the future, I want to be helpful to my party, my city and country."

In an interview with a Dallas news reporter he would make no comment on the republican presidential nominee, Thomas E. Dewey, except to say he had been a good governor of New York.

NEWS OF OUR MEN—WOMEN IN UNIFORM

Ralph Hermann, son of Mrs. John Hermann, Lane St., Roseburg, has been promoted to chief motor machinist. He is with the U. S. navy in the New Hebrides theater. He is a brother of Fred Hermann of Roseburg. His wife, the former Mildred Brown, daughter of Mr. and Mrs. Quincy Brown, Roseburg, is employed in a civil service capacity with a service department at San Pedro, Calif.

Staff Sergeant Joseph A. Wright, Myrtle Creek, is a member of the ground maintenance crew which prepared a B-24 Liberator bomber, "Conquest Cavalier" for take-off on missions supporting the first landing operations in France on D-Day, June 6, according to word received from Eighth air force headquarters in England. He is a son of Mrs. Lulu M. Wright, Myrtle Creek.

Sergeant Frank O. Beckwith, Roseburg, has completed a four weeks course in specialized training at the military police training school at Barksdale field, La., and has been returned to his home station at Sioux Falls, S. Dakota.

Glenn R. Miller, 831 N. Jackson St., Roseburg, is now a member of a class receiving pre-flight training at the San Antonio, Texas, aviation cadet training center. He is one of 29 men from Oregon in the training class.

Nature Gives Livestock Sufficient Vitamins

Livestock producers need be little concerned over the widespread vitamin deficiency now sweeping commercial sales, according to a report issued by the nutrition committee of the American Veterinary Medical association, and concurred in, in the main, by Dr. J. P. Haag, chemist.

FOR ITCHING OF MINOR SKIN RASHES

Get this medicated powder. Contains ingredients often recommended by many specialists for simple rashes, diaper rash and chafing. Mexsana soothes and forms coat of protection on tender skin. Costs little. Always demand Mexsana.

New 'Strat' Gun

Here's first photo of Army's new "strat" gun, a 120-mm. anti-aircraft piece that fires projectile into stratosphere, 20,000 feet higher than any other known weapon. Despite its weight, it is highly mobile.

Extremes Meet

(USMC photo from NEA) Extremes met when Pvt. James B. Trimble of Philadelphia, Pa., six feet, five inches tall recruit at Marine Barracks, Parris Island, S. C., huddled up with Hospital Apprentice 1st Jack McCumber, USN, of Troy, N. Y., who is all of five feet, one inch. And, as usual, the little guy, totes the load.

of the O. S. C. experiment station. Livestock obtain most of the vitamins they need through sunshine and natural foods, provided a reasonable amount of care is exercised in selecting and processing the feeds used, the report shows. The chief exception is with poultry, where extra vitamin D is usually supplied, both by the use of fish oils and alfalfa leaf meal, except where adequate exposure of the birds to sunshine makes these unnecessary.

Douglas Credited In Bank's Bond Buy

The Federal Land bank of Spokane has allotted \$21,000 in war bond purchases to Douglas county. R. L. Strickle, secretary-treasurer of the National Farm Loan association, announced today. This makes a total of \$63,000 bond purchases by the bank through Douglas county in the last three bond drives, said Mr. Strickle.

The land bank, which serves Montana, Idaho, Washington and Oregon, has invested \$2,000,000 in bonds, of which \$500,000 has been credited to each state. The state allocation, in turn, has been credited to each National Farm Loan association group office county on the basis of the number of land bank borrowers.

"Officials of our bank feel it their patriotic duty to invest idle funds in war bonds," said R. E. Brown, president. "Money raised through the Fifth War loan drive is needed by our nation at this crucial time. War bonds help to hasten the day of victory and save the lives of our boys, and the bonds themselves are a sound investment."

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or steady pressure with smarting and burning sensations shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give better relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
