**Midwest Granaries Gorged With New Crop Wheat**

KANSAS CITY, July 12—(AP)—The harvest, almost unbelievably bountiful, is rolling in. Granaries, elevators and mills are gorged with the wheat. Railroads already overburdened and weighted down with war, chug wearily along with load after load of the grain.

And still the wheat piles up, in bright, golden mounds—by the tracks and in the fields. Representatives of railroads, mills, elevators, government agencies and the army met here today with Sen. Clyde M. Reed (R-Kans.) to decide how to solve the problem of plenty.

Reed said the chief worries were: (1) Too few boxcars, (2) too few hoppers to get the cars unloaded quickly and back into service.

One possible source of labor, Reed said, was the army's seventh service command at Omaha. He has telegraphed the command to ask how many prisoners of war would be available (Reed has heard there may be as many as 3,000) to help unload wheat.

He said that instead of finishing the wheat movement in 60 to 90 days, par for the course in a normal year, it may take six months or longer to handle this year's whopper crop, estimated at 382,000,000 bushels for the four-state area of Kansas, Oklahoma, Texas and Colorado.

**British Execute Belgian as Spy**

LONDON, July 12—(AP)—Joseph Jan Van Hove, a former Antwerp waiter who arrived here from Belgium last Feb. 11 posing as a refugee, was executed at Pentonville prison today as a German spy—the 16th person to be executed in Britain for espionage since the beginning of the war.

Van Hove was convicted on May 24 at a trial at which it was charged he was sent to Britain by the Germans in an attempt to obtain information about allied plans for the invasion of western France. His mission was described as a complete failure.
