Clean Equipment Aid in Control Poultry Disease

Coccidiosis and other poultry diseases and parasites may be controlled much more easily if portable shelters, feeders and watering equipment are utilized, says County Agent J. Roland Parker. As a rule, pullets are moved from the brooder house to the range at about eight weeks of age and portable range equipment is a valuable aid in raising good thrifty pullets, Mr. Parker adds.

N. L. Bennion, O. S. C. extension poultryman, reports it is a well established fact that the only practical way to control coccidiosis is to follow a cleaning program and move to new ground if they are on range. If the birds appear sick or droopy, it is always a safe procedure to clean equipment and move to new ground, he says.

The number of moves will depend somewhat on weather, size, type of range and trouble encountered from disease, Bennion adds. He recommends moving all equipment 25 to 30 yards about every two weeks. This will not only help to control diseases and parasites, but it will avoid killing out of green feed, prevent soil contamination and provide better distribution of fertility.

Acorns Wallop Padres to Tune Of 14 to 3

The coast baseball league leading Oakland Acorns waited until the fifth inning last night when they pounced on San Diego's Joe Valenzuela for seven singles and five walks to ring up 11 runs and clinch a 13-3 win over the Padres.

Big innings seemed to be the rule as San Francisco pushed over five tallies in the second innings to dump Portland 7-2 and stay in second place.

Seattle made five hits good for five runs in the initial inning to stay in third place with an 8-4 win over Hollywood, while Sacramento's drive to escape the league cellar took a temporary setback when Los Angeles edged the Solons 3-2.

The Rainier five-run outburst followed Hollywood's three-run attack off Hal Turpin in the first half of the inning and the Oregon squire gave way to Indian Frank Tincup as a pinch hitter in the Rainier tally. Tincup received credit for the win.

Short scores:
Hollywood 300 000 001—4 13 2
Seattle 520 010 008—8 12 2
Escalante, Hufford (1), Hank (5) and Hill; Turpin, Tincup (2) and Spindel.

Flashes Of Life

(By the Associated Press.)
LAFAYETTE, Ind.—Two women complained to Police Sgt. Cecil Baker a dog was in their car and wouldn't get out. Baker removed the dog, found a tag with the name of Alvin Fay, whom Baker telephoned.

"Put the dog on the phone," Fay said, "and I'll talk to him."

The sarge was dubious but obeyed.

"What are you doing up there, Pat," Fay admonished. "Get right on home."

The dog went directly to Fay's residence.

AND FURTHERMORE
PORTLAND, Ore.—The New York office of the American society for the prevention of cruelty to animals asked the Oregon Humane officer to check reports that 2,000 wild horses captured in the eastern Oregon roundup were driven over cliffs into the ocean.

The officer's reply:

(1) No wild horses were captured. They all got away.

(2) And if they had been captured, the eastern Oregon roundup area is 400 miles from the ocean.

ANNOYING
BERKELEY, Calif.—Noise and mosquitoes were annoying to Mrs. Ophelia Landfair. She pulled the covers up to her chin. Suddenly something stung her big toe. She pulled her feet back under the sheet, dozed off. In the morning she found a bullet in the quilt.

There had been a cops and robbers chase in front of the Landfair house, and a patrolman's bullet had crashed through the front door, zipped into the bed.

Visiting Duo Fills Roseburg Pulpit

REV. ARCHIE McNEILL

The pulpit of the Roseburg Presbyterian church will be supplied morning and evening, July 16, 23 and 30 by the Rev. Archie McNeill. Mrs. McNeill will assist with musical selections at each service.

In October of last year, Rev. and Mrs. McNeill, known as the Scotch-Irish Duo, held a very successful series of special services in Roseburg. At that time, Mr. McNeill was director of the United Service Men's Center, Portland, but with the constant demand for special services, Mr. McNeill resigned that position the first of February and has been travelling in his present field of Christian work.

Sunday evening at 8 o'clock, Evangeline Duff McNeill, former member of the Duff Irish Trio, will present a 15-minute concert of sacred numbers on the harp and electric vibraharp. The sermon topic will be "Hidden Wells." At the 11 a. m. service, Mr. McNeill will preach on the subject, "Angels as Pallbearers."

room and stung Mrs. Landfair's big toe.

The skin on the toe had not been scratched.

NAMES MIXUP
GERING, Neb.—County Judge Ted R. Feidler appeared slightly puzzled as he looked over the marriage license of the couple before him.

Then they explained. Miss Thomas Delgado, 18, and her husband-to-be, Elizabeth Mano both of Mitchell, Neb., said there was a "mixup" in naming each of them at birth but they never changed their given names.

And they do not intend to do so, they said, after they were married by Judge Feidler.

Editorials on News
(Continued from page 1)

You never can tell what a cornered wolf will do.

THERE isn't much definite news from Russia today. What there is indicates that the Russians are not making quite the spectacular speed of a few days ago.

That would be natural. After advances such as they have made in the past ten days, they have to slow down a little while their supplies come up.

There are many hints that the Germans are in the midst of an important withdrawal on the eastern front. They need to
