THE G. B. A. M. S. MEETS AT CHURCH

GLIDE—The Glide Baptist Aid and Mission Society met at the church on Wednesday with Mrs. Charles Vleck and Mrs. Larkin Rice as hostesses.

The business meeting was conducted by the president, Mrs. Asher Agee, and Mrs. Albert DeBernardi acted as secretary in the absence of Mrs. Carl Messing. Mrs. George Casebeer led the devotional. The quota for the white cross work was read and it was decided to wait until the former quota had been mailed before filling the new one. The box has been ready for several months but could not be mailed overseas because of shipping regulations.

Loveiv refreshments were served by the hostesses, assisted by Miss Marie Vleck, at tables decorated in the patriotic motif. Beautiful bouquets of flowers were used about the rooms and on the tables.

Those enjoying the afternoon were Mrs. Asher Agee, Mrs. Harold Opertshausser, Mrs. W. F. Price, Mrs. Vern Shrum, Mrs. George Casebeer, Mrs. H. D. Conine, Mrs. Albert DeBernardi, Mrs. John Casebeer, Mrs. S. D. Chapman, Mrs. George Reid, Mrs. Effie Shrum, Mrs. Robert Casebeer, Mrs. F. G. Hickman, Miss Marie Vleck, and the hostesses, Mrs. Charles Vleck and Mrs. Larkin Rice.

MAN

causes more FOREST FIRES

put together!

THIS IS AN
Emergency!

Something must be done right now about brush and woods and forest fires in our Pacific Northwest.

It is Important That
YOU

Remember These Rules

- 1 CRUSH OUT your cigarette, your cigar, your pipe ashes.
- 2 BREAK your match in two, then pinch till it's dead.
- 3 DROWN your campfire; then stir and add more water before you leave.
- 4 ASK ABOUT THE LAW—and a permit—if you must burn; then follow safe rules and kill every spark.
- 5 ALWAYS BE CAREFUL. An extra minute of precaution may save vital watersheds and a hundred years of forest growth.

Pure and simple carelessness on the part of honest, law abiding American citizens accounts for the vast majority of our forest fires. Authoritative figures reveal that MAN is the cause of 90% of all U.S. forest fires!

Why Are Forest Fires A Greater Danger Than Ever?

Lumber, a critical war material is vital, too, for peacetime reconstruction. Think of the forest fire destruction in terms of planes and homes:

More than 800 fighter planes could be built with the almost a million man-days which forest and woods fires drain each year from factories and farms.

More than 200,000 five-room homes—enough to house the entire population of Washington, D. C.—could be built with the timber killed by U.S. forest fires each year.

This statement has been prepared and released by the BLITZ-WEINHARD COMPANY with the approval of the U. S. Forest Service
