## South All-Stars Win Charity Tilts In Coast League

(By the Associated Press)

The collective forces of the southern element of the Pacific coast league put the hex on the Northern All-Stars by identical 5-4 scores in Hollywood and San Francisco last night.

The South's twin victories found a Seattle-Oakland team bowing to a Hollywood-San Diego nine and a Sacramento-Portland combination being edged by San Francisco-Los Angeles. Hollywood's Hankki led the sixth in a line of seven moundsmen, was credited with his home stadium victory, while San Francisco's Werle, the fifth of six South Star pitchers, was the winning hurler at Seals stadium.

The off-Monday games were for charity, proceeds to go to the servicemen's bat-and-ball fund and the Professional Baseball players' association.

Forty-six players saw action at Hollywood and 53 at San Francisco.

The South team staged late-scoring spurts in both instances. At San Francisco the North All-Stars worked tired Tom Seals, Sunday's double-shutout victor, for four runs. The South revived with one run in the third and three more off Portland's Marino Pieretti in the fourth.

Steinbacher of San Francisco singled to center field to score Los Angeles' Garriot with the winning run in the sixth. George Windsor of Portland was charged with the defeat.

At Hollywood the South stemmed a Northern ninth inning rally to protect their ultimate edge gained in a tie-breaking sixth, when the South pushed over two tallies. Seattle's Tincup was the victim of the South's game-winning spree.

The eight clubs resume their league schedule today.

## Baski Given Nod Over Lee Savold

CHICAGO, Aug. 8—(AP)—Pete Baski last night pummeled Lee Savold off the wartime heavyweight top row in a 10-round scrap at Wrigley field.

Covered with Savold's blood, the 22-year-old ex-coal miner from Kulpmont, Pa., half-showered his way to a second decision over the battling merchant mariner in three meetings this year.

Baski, outweighing his foe 213 3/4 to 199 pounds, won the ranking division heavyweight nod of Referee Walter Brightmore and one of the judges. The other judge voted for a draw.

Nearly stealing the thunder was the semi-final bout between Larry Lane, Trenton, N. J., and George Parks, Washington, D. C. The scheduled eight-round heavyweight mix ended in the third when Lane, making his first start since the death of his last opponent, Lem Franklin of Chicago, flattened Parks with terrific body blows.

## Production Cut Planned, Charge

PORTLAND, Ore., Aug. 8—(AP)—Asserting that big business, farmers and labor are preparing to restrict production, S. Eugene Allen, publisher of the Oregon Labor press, warned that postwar unemployment can be met only by planning now to keep production high.

"Huge monopolies and combinations are preparing to control world markets and artificially maintain prices and restrict production," he told 200 AFL machinist union delegates from Oregon.

## DAILY DEVOTIONS

REV. CHAS. A. EDWARDS

Junk it. Junk something every day. Junk your worries, junk your fears, junk your anxieties, junk your jealousies, envies and hatreds. Whatever interferes with your getting up and getting on in the world—junk it. Every night before you go to sleep put in the junk heap all your disappointments, all your grudges, your resentful feelings, your malice—junk everything that is hindering you from being a big strong character. The great trouble with most of us that we haven't any junk heap of this sort. We pull all our mental enemies, all our handicaps, our discouragements, our losses, our misfortunes, our troubles, our worries and trials, along with us. That eats up more than fifty per cent of our vitality and energy, so that we have only the smaller amount left for the great achievement of making life a success. "Farmers are entrenching themselves behind legislation that has for its purpose maintenance of farm prices through restriction of production output. Labor unions are preparing to demand that wages be maintained by curtailment of employment of some groups and shortened working hours."

## 37 Douglas Scouts Attending Camp

Thirty seven Douglas County Boy Scouts are now in camp at Camp Lucky Boy, the summer camp of the Oregon Trail council, Boy Scouts of America according to Bruce Elliott, district scout chairman. This is the largest number from the county troops to go to any one time. Troop 19 of Sutherlin has the greatest number present with sixteen. Other units represented are Troops 4 and 34 of Roseburg, 78 of Drain, 44 of Yoncalla, 10 of Reedsport, 31 of Gardiner and Lone Scout tribe 56 of Roseburg. Donald Gerretsen of Roseburg is camp scoutmaster for one group and Jim Thornton of Reedsport is senior patrol leader of another group.

According to word received today from the boy scout office in Eugene, a total of ten more boys may be accepted for the last week of the camp which opens next Sunday, August 13. "It is not too late to register for this last week of the 1944 season," said K. A. Wells, scout executive. Applications must be filed with the Boy Scout office in Eugene by Saturday.

## Roseburg Scout Seated In Order of the Arrow

CAMP LUCKY BOY — Jerry Brown of Troop 4, Roseburg, was one of ten campers inducted into the Tsisqan lodge of the Order of the Arrow, national brotherhood of Boy Scout honor campers, at this summer camp of the Oregon

Trail council last Saturday. Brown was among the scouts who were chosen by their fellow campers as best exemplifying the scout oath and law. The Order of the Arrow is unique in its method of selecting new members, James Vitus, lodge chief, explained. Instead of being chosen by the camp staff by the members of the local lodge, scouts who are not members choose their fellow campers. Vitus said. The only requirements for a scout to be eligible are that he be at least a first class scout and either a second-year camper or 14 years of age.

## Select Cockerels In Mid-Summer

Mid-summer rather than fall is the time to start selecting breeding stock for the coming season, especially cockerels, says Noel Bennion, extension poultry specialist at O. S. C. Commercial poultry producers are interested in obtaining fast growing rapid feathering, early maturing stock that will possess large body size at the time the puffs start to lay.

To identify birds that possess these desirable characteristics, it is necessary to examine the prospective breeders at least twice

during the growing period, once at seven to eight weeks of age, and again at 20 to 22 weeks of age, as the birds reach sexual maturity, Bennion explains. At the first examination the large, vigorous, fast growing, rapid feathering birds that show meat production traits can be marked with leg or wing bands. There will usually be a wide variation in the flock at this age. It is impossible to identify the birds that are making best early growth and gains if the breeders are not selected before the flock reaches maturity. The prospective breeders that possess these desirable characteristics at an early age and then continue to show these same traits at 20 to 22 weeks of age make the most desirable breeders, poultrymen have found.

## PIN-WORMS At Last—A Real Treatment!

You may not realize how many of your children—grown-up as well as children—have Pin-Worms at this very moment. People don't talk about this nasty infection. Sometimes they are too embarrassed to mention the tormenting rectal itching; and up to now they have usually suffered in silence because they have not known of any effective way to deal with this dreadful pest that lives inside the human body.

**Important Medical Discovery**

Today, thanks to a valuable scientific discovery, a remarkable new treatment has been made possible. It is based on a special drug, known as ceresan violet. This drug is the vital element in P-W, the new Pin-Worm tablets developed by Dr. D. Jayne & Son, America's leading specialists in worm medicines. P-W tablets are small and easy to take, and they act in a special, gentle way to destroy Pin-Worms.

It is very easy to "catch" this nasty infection, and the ugly creatures can cause real distress. So watch for the signs that may mean Pin-Worms: itching seat, sooty stool, bed-wetting, nervous habits.

If you suspect Pin-Worms, get a box of P-W right away and follow the simple directions carefully.

P-W means Pin-Worm relief!

The women who wouldn't sit and wait

IT ISN'T EASY to say "good-bye" to the family, and to friends, and to nice long week ends. It may not be natural for a woman to salute and stand at attention and say "Yes, sir"...

But ask any Wac if she'd change places with anyone in the world—and the answer would be "No!"

For deep down inside, every Wac knows the enormous satisfaction of being truly useful at a time of critical need.

The Wac spirit is a gallant spirit. The spirit of women who would rather be in the war, than sitting and waiting for it to end.

The Wac pride is an honest pride. In a job well done. In being part of the Army of the U. S.

You really have to hand it to the women of the WAC....

For they symbolize everything that is America.

Good soldiers...
