Kiwanians Even Softball Series With Lions Club

The service club Softball league was all even today, as the Kiwanis club defeated the Lions 11 to 10 in a game at Finlay field last night to win out on a series defect administered by the Lions. A third game is now in the making to decide the championship.

Each team scored two runs in the first inning, with the Lions going out in front in the second inning when one run was scored across the bases. The Kiwanis bunched eight hits in the third inning, which, coupled with an error and fielder's choice, scored seven runs. The Lions were blocked in the third and fourth innings while the Kiwanians stretched their lead in the last of the fourth by gathering two runs as the result of two errors and a single.

The Lions put on a determined rally in the first of the fifth, with darkness approaching to force an end to the contest and aided by two errors and six hits tallied seven runs, one short of tying the score.

The game was called in the fifth inning because of darkness. Members of the Lions club lineup were Gilbo, pitcher; Helliwell, catcher; Pickens, first base; Farris, second base; Scherner, third base; Pengra, shortstop; Wikoff, left field; Henry, center field; Dovie, right field; Brown Losse and Dunham went into the game as substitutes.

The Kiwanis team included West, pitcher; Plummer, catcher; Whipple, first base; Stanton, second base; Fries, third base; Geddes, short stop; Chapman, left field; Church, center field; Fullerton, right field.

The Kiwanians gathered 13 hits while the Lions rapped out 10 safeties. Each team made four errors.

Bruce Elliott, umpire at the plate, and Roy Bellows on bases won all arguments, of which there were plenty.

Fuel Oil Should Be Ordered Now, Warning to Users

Pacific coast householders, apartment and business building owners and all others needing fuel oil for coming fall and winter months should lay in a supply now, while deliveries can still be made, the Office of Defense Transportation warned today.

"The storage of tank cars, scarcity of tank trucks and almost total lack of heavy-duty tires have combined to create a national crisis in petroleum transportation," ODT officials said. "Meanwhile military demands for aviation gasoline and other petroleum products are mounting."

The transportation of military materiel will come first, ODT pointed out. This means that civilians who delay in placing their orders for fuel oil may find that deliveries cannot be made because equipment is tied up in handling military requirements.

"The OEA has cooperated by issuing fuel oil ration coupons earlier this year," ODT officials declared. "The ODT is doing everything possible to provide adequate transportation. Also, operating conditions are best for deliveries at this season of the year."

"If the situation develops to a point where deliveries of civilian fuel oil cannot be made because of military needs, the person who waits until the last minute to put in his order can blame no one but himself," ODT stated.

Cadet Charles W. Clark has finished his primary training at King City, California, and has been transferred to Gardner Field, Taft, Calif., for his basic training.

Smarty-pants Japs little thought they'd be helping sale of U. S. War Bonds when they printed up "invasion" money, to be used when they captured Australia. Cpl. William R. Whitworth of Cleveland, U. S. Army Amphibious Engineer, sent his wife some of the shilling and half-shilling notes as souvenirs, and she donated them to the Cleveland Variety Club's bond auction. Above, she holds the Jap money in one hand, in the other, the \$1000 in War Bonds which it brought at the sale.

Star Charged
