The Weather

U. S. Weather Bureau Office Roseburg, Oregon. Forecast for Roseburg and vicinity: Partly cloudy tonight and Thursday; cooler Thursday.

In the Day's News

(Continued from page 1)

would have got von Kluge's army OUT before it was too late instead of leaving it to die against hopelessly great odds.

One can't help feeling that Hitler has killed off too many of his generals.

A GAIN, inescapably, one gets the impression of a frightened little man covering in his mountain retreat and ordering his armies to stand and die so that HE won't be caught like a rat in a trap.

THE supreme importance of this battle that is roaring to its fateful climax is indicated by the fact that Paris, Europe's most glamorous capital, prize of so many, many wars, has been more or less pushed off to one side and forgotten—a ripe plum that will fall from its limb if the battle now being fought goes well for us.

MEANWHILE, down on the Mediterranean, our planes batter the Riviera coast for the THIRD successive day. For whatever it may mean, it is announced that U. S. Navy Secretary Forrestal has been added to the list of brass hats now present in Italy—which already included CHURCHILL.

It looks like a hen on down there. The presumption is that what is hatched will be a landing in southern France.

THE news from the west is bad for the Germans. What comes from Russia is no better.

Moscow dispatches say the zero hour is apparently approaching for the red offensive into East Prussia, now almost surrounded. Russian casualties inflicted on the Germans since June 23 are placed by Moscow at 609,526.

The sands in Hitler's hourglass appear to be running out as they finally ran out for Napoleon.

IN the Pacific, Davao, in the Philippines, has been bombed four times in five days.

Admiral Nimitz, our navy commander in the Pacific, tells his press conference we're "going to put the heat on the Jap as fast as we can."

He adds that the Jap war may be won without actually invading Japan itself though the Jap homeland will have to be occupied to insure a winning peace. He mentions the possibility of U. S. warships bombarding the Jap homeland.

He intimates that he may move his headquarters to the Marianas.

HE discloses to the correspondents that 52,303 Japs have been killed in the Gilberts, the Marshalls and the Marianas at a cost of 5903 American lives.

He adds: "This war is a new experience for the Japanese. We don't know how much they can TAKE before they throw in the sponge."

NOW back, for a moment, to the home front:

Up in Salem, squirrels have been annoying babies in a day

ROAD SITUATION SERIOUS

By Charles V. Stanton

PRESENT conditions indicate there will be little if any logging in the North Umpqua area during the late fall and winter months. From 400,000 to 500,000 board feet of logs and rough cut lumber are now coming into Roseburg daily on trucks from the Deer Creek, Little River and North Umpqua districts.

Indication that federal assistance is not to be forthcoming, unless the token payment previously announced as a requisite is made, is seen in the fact that the project has been divided into two parts, making the highway intersection improvement in Roseburg separate from the surfacing of the Roseburg-Rock Creek section of the North Umpqua road.

The proposal as outlined calls for the surfacing of the roadway from Rock Creek to Roseburg with a sufficient weight of gravel and crushed rock to withstand the pounding of heavily loaded logging trucks. This section of the project would cost in the neighborhood of \$225,000. Douglas County would cooperate through an expenditure of around \$30,000. The balance, with the exception of \$25,000, would be paid by the federal government from funds made available to the Public Roads Administration to provide access to raw materials needed in the war effort.

Previously included in the project, but now made a separate improvement, is the plan of extending Second Avenue South, that portion of the North Umpqua road lying within the City of Roseburg, through to the Pacific highway. This is to be a Y connection, the south entrance branching off near the west line of Fowler street, thence swinging on a curve in front of the Northside apartment building, and connecting through to the Pacific highway at the present entrance to the Roseburg camp ground, necessitating a bridge over Deer creek. The north fork would turn into the araway behind the apartment building to connect with Winchester street.

The Pacific highway at both the north and south entrances will be widened. Safety lanes will be established. Logging trucks to and from the north would be required to use the Winchester street route, and those travelling to and from the south will use the Deer creek entrance.

An agreement has been signed by the City of Roseburg, Douglas County and the State Highway Commission and the Public Roads Administration to proceed with the intersection improvement.

The decision to construct the intersections as separate units, removing them from the over-all proposal, is taken as an indication that road surfacing between Roseburg and Rock Creek will not be undertaken until the token payment is received.

The county court has indicated its intention of establishing very low load limits, which would practically rule all logging trucks off the road. The condition of the road is such that it would automatically close itself after a few heavy rains.

It would indeed be a serious matter to have this route closed and logging operations cancelled for a long period of time in view of the current need for lumber in the war effort. It is hoped the affected operators will make a serious attempt to get together on some satisfactory agreement which will permit the needed improvement without further extended delay.

State Press Comment

CORDON IMPRESSES Klamath Falls Herald and News Guy Gordon made an impression of sincerity and earnestness at his appearance here the other night which pleased both republicans and democrats who heard him.

That was his O.U.T. The manager of the day nursery complains to the state game commission which sends in a squad of its hired men who trap the squirrels and ship 'em to Coeur d'Alene, Idaho, presumably to drop other nuts on other babies until trapped again and sent on somewhere else.

THE solution of our problems, you see, is so much MORE COMPLICATED in these modern days than in the older, simpler days.

Socialist-Labor Party Seeks Oregon Ballot Spot

PORTLAND, Aug. 16 (AP)—Petitions will be circulated to place the Socialist-Labor party on the Oregon ballot, its 40-year-old presidential candidate, Edward A. Teltchert, announced here.

Capitalism has solved the production problem but only socialism can solve the problem of distribution, Teltchert asserted. His party hopes to abolish the capitalistic system through a constitutional amendment, he said.

The communist party of Russia, he added, is dominated "by a bureaucracy which is as totalitarian as the bureaucracy of Germany" and caused the "expulsion in Russia" to fail.

Eating the Evidence. NOTTINGHAM, Eng. (AP)—A man charged with wilfully wasting food by overturning a table with margarine, tea, sugar and bread, was found not guilty when his wife came to his defense and said she had swept up the food and made her husband eat it.

OUT OUR WAY

By J. R. Williams

DIAL LOG

By SS-2

According to promise, he is the plot for First Nighter at 8:30 tonight. It's all about a "Georgia Peach" (B. Luddy of course being the Georgia Peach) and the complications that arise when an aviation cadet and his lieutenant instructor fall in love with a fellow mentioned Peach, "Solid South" is the title and it sounds as if it's going to be plenty solid to us—and besides we'll have some southern draws (oath) around. Those southern draws are s'posed to "nuff" all right with us, huh? And don't forget that this is the music for the Lone Ranger, Math Ladd and Bulldog Drummond in that order starting at 7:30.

For Thursday morning's listening, we highly recommend Haven of Rest at 8 o'clock. It's a half-hour devotional we seldom miss. This is followed by Service Salute, dedicated to servicemen and women of Douglas county. And please don't miss Jane Cowl at 11:30—not a speck of work is done by anyone around here during her fifteen minutes—she has our devoted attention. For those who like it, there's 15 minutes of your favorite classical music at 1:15. The U. S. Navy band at 2:15. Mr. Lewis at 4. Superman and Tom Mix at 5:15 and 5:30. Yes, you oldsters may listen. 6:00 How do you like Screen Test at 6:15? We think the variety of the show is grand—with different types of entertainment well presented. And of course you'll want to leave your dial tuned to 1490 for Music You Remember at 6:30. Lowell Thomas at 7:15 and another Waves show at 7:45. This one stars Jean Cagney, sister of the famous Jimmy, who appears in a film about a Wave and a sailor, all that and Ray Bloch's orchestra and special chorus doing an arrangement of "Begin the Beguine" too. And lookie who's back—the Cisco Kid. You know, he of the "Ohhh, Coosoo!" fame with bells ringing and stuff. That's a new program (at least in a new time) for Thursday night at 8 o'clock and so is Sky Riders following at 8:30, which has been aired several times over this station. As we remember, it's a quiz show with an aeronautical twist. We had to correct the dictionary. Hope you'll like this new program set up for Thursday night—we think it's a bit of good news. A badly sign-off with a reminder to keep tuned to 1490.

Just remembered that this is the night for Mr. Harpham to give you a few minutes talk on the program at 6:45 the Male Quartet. Don't miss this he always has very pertinent information on Oregon's timber resources.

REMAINING HOURS TODAY 4:00—Fulton Lewis, Jr., Plough Chemical Co. 4:15—Tune Tabloid. 4:30—World's Front Page. 4:45—Music off the Record. 5:00—Moods in Music. 5:15—Superman. 5:30—Tom Mix, Raiston's Purina. 5:45—Night News Wire, Studebaker. 6:00—Gabriel Heatter, Kream. 6:15—Screen Test, Metro-Goldwyn Mayer. 6:30—First Nighter, Campina Sales Corp. 7:00—State and Local News, Keel Motor Co. 7:05—Musical Interlude. 7:15—Lowell Thomas, Standard Oil Co. 7:30—Lone Ranger. 8:00—Main Line, Southern Pacific. 8:30—Bulldog Drummond, 42 Products Inc. 9:00—Alka Seltzer News. 9:15—Service Salute, E. G. High. 9:30—Fulton Lewis, Jr., Kamper's Sav Mor.

Mrs. A. Remington Of Drain Passes

Mrs. Angeline Remington, 79, wife of Lee L. Remington, pioneer resident of Drain, died at her home Tuesday following a long illness.

Born in Oregon City, Nov. 6, 1869, she had been a resident of the Drain community for the past 66 years. She was a life-long member of the Methodist church. Surviving are her husband; a son, Fred Miller, former Roseburg barber, now employed in shipyard work at Vancouver, Wash.; a daughter, Mrs. Grace Kirkley, Drain; three brothers, Oran, William and Ben Moore, all of Drain. Funeral services will be held at the Methodist church in Drain at 10:30 a. m. Friday, conducted by the Rev. Fred O. Hunt. Interment will follow in the Drain cemetery. Arrangements are in charge of Stearns mortuary, Oakland.

Yarn Available for Knitting Service

Mrs. J. D. Davidson, production chairman, reports that the Red Cross production rooms now have a supply of white yarn for socks, also for knitted wash cloths and handkerchiefs. "We ask the help of all who have the time to do this work so we can ship the articles out promptly, as they are needed by the service boys," Mrs. Davidson says. "If you have never knitted before, a wash cloth is just the thing which can be made at home or at the sewing rooms in the Pacific building; these are also needed as soon as possible."

Mrs. Davidson continues to say that they greatly appreciate all the work that has been and is being done by the busy women of Douglas county. Without such help the quotas could not be filled. Those who have pneumonia jackets out are asked to please finish and return them as soon as possible.

7:30—Musical Scrapbook. 7:45—"Something for the Girls," Waves. 8:00—Cisco Kid. 8:30—Sky Riders. 9:00—Alka Seltzer News. 9:15—Rex Miller, Wildroot. 9:30—Fulton Lewis, Jr. 9:45—Music for the Night. 10:00—Sign Off.

U. S. Wool Output Lowest Since '36

WASHINGTON, August 16—(AP)—The quantity of wool shorn and to be shorn this year was estimated by the agriculture department today at 355,129,000 pounds, the smallest figure since 1936. The indicated production is 29,239,000 pounds or about 8 per cent smaller than last year and about 4 percent below the 1932-41 ten-year average. The reduction is largely the result of a decrease in the number of sheep shorn, although there also has been a small decrease in the average weight per fleece. The estimated number of sheep shorn, and to be shorn this year was put at 45,254,000 head, or 3,310,000 fewer than last year.

Typographical Union Goes Back Into AFL WASHINGTON, Aug. 16—(AP)—President William Green of the American Federation of

Labor announced yesterday that the International Typographical union has completed the process of re-affiliation with the AFL after a four-year absence. The printers paid per capita tax for August on 64,000 members. Some Australian aborigines find fire-making so difficult they will take a long journey to borrow a light from a distant tribe rather than make a fire themselves.
