Furlough from Arizona — Corporal John Elwood McLaughlin of the army air corps has arrived in Roseburg from the air base at Yuma, Ariz., to spend his furlough with his wife, the former Doris Marie Lander; with his parents, Mr. and Mrs. U. F. McLaughlin, of Garden Valley, and his sisters, Mrs. Jack Chapman and Miss Verla McLaughlin. Corporal McLaughlin, a radio operator mechanic and waist gunner in the air corps will report to the base after his furlough, at Fresno, Calif., for further training.

Public Warning!
BEWARE OF PIN-WORMS

War-time living conditions may be the cause of spreading Pin-Worm infection. Scientific reports in many communities have shown at least one-third of the examined children and grown-ups to be victims of Pin-Worm infection without knowing what was wrong!
Watch out for warning signs that may mean Pin-Worms in your child or yourself: the tormenting, embarrassing rectal itch, the uneasy stomach, the bed-wetting, nervous fidgeting, finicky appetite.
New Discovery Hailed By Doctors
After centuries of distress caused by Pin-Worms, a new and highly effective way to deal with this stubborn pest has recently been discovered. This scientific discovery, called medical authorities, is a remarkable drug (containing violet). It is the vital element in P.W., the new Pin-Worm treatment developed by the laboratories of Dr. D. Jayne & Son, America's leading specialists in worm medicine. P.W. tablets are small and easy to take, and they act in a special way to destroy the creature.
So don't take chances with Pin-Worms. At the first warning signs, ask your druggist for P.W. and follow the directions. P.W. means Pin-Worm relief!

Capt. Campbell Home—Captain and Mrs. William Campbell and small son, Billy, have arrived at their former home in Roseburg and are visiting Captain Campbell's parents, Mr. and Mrs. W. M. Campbell. They will leave Thursday for Sacramento to visit with Mr. and Mrs. Fred Miller, parents of Mrs. Campbell. They have recently been located at Camp Pickett, Va., where Capt. Campbell will resume his duties following expiration of his leave.

Postwar World's Fair At Seattle Planned

Plans were announced today for a postwar world's fair in Seattle, with sponsorship of a Moscow-Seattle flight over "the top of the world" as a feature attraction.

Two organizations, the Washington State Press club and the Advertising and Sales club of Seattle joined in incorporating the Pacific International Air Exposition.

Dudley M. Brown, one of the incorporators, said the proposed date will be 18 months or two years after "the green light on men and materials. We're moving now because similar plans are reportedly under way in Portland and Los Angeles."

Security Parley Bans Current Boundary Issues

WASHINGTON, Aug. 22—(AP)—Current diplomatic problems have been ruled out of the Dumbarton Oaks postwar security talks, it was understood today, and sessions are to be concentrated on blocking out the basic principles of peace organization. Apparently this did not preclude the possibility that consideration would be given to putting at least a part of the projected organization into temporary action as soon as possible, pending decision by the united nations whether they want to set up the agency to be designed here.

Various officials said it was the intention of the conferees to limit their talks strictly to evolving plans for an international organization to handle such issues as boundary disputes and occupation or disposition of enemy territory.

Tenure of Reconversion Board Limited in Vote

WASHINGTON, Aug. 21—(AP)—The house ways and means committee voted yesterday to limit to one year after the war the life of the Office of War mobilization and reconversion.

Senate-approved legislation provides two years of government assistance for reconversion processes. "The idea behind the committee's action," Rep. Dingle said, "is to get the government out of business just as quickly as possible." The committee's action is subject to a later formal vote and subsequent action by the house and senate. The committee expects to report to the house, probably late this week, a revised version of the senate's measure which also embodies a "states rights" program for postwar employment compensation.

Glendale Flier Wins Bronze Star

A U. S. NINTH AIR FORCE BOMBER BASE, ETO—T/Sgt. Perry V. Nail, above, of Glendale, Oregon, a crew chief of the crack "Black Death" Marauder group commanded by Colonel Gerald E. Williams, of Presque Isle, Maine, has been awarded the Bronze Star Medal by headquarters, Ninth air force. The citation accompanying the award reads: "For meritorious service in direct support of military operations against the enemy in the European theatre of operations from March to June, 1944. Sergeant Nail has achieved an enviable record by his services as crew chief of a medium bomber aircraft which has participated in a large number of combat missions without mechanical failure attributable to maintenance defects. The high standards which he has maintained have only been possible through his diligent application to most exacting labors under extremely trying conditions. By his unusual technical skill and perseverance in the face of severe handicaps, Sergeant Nail has succeeded in keeping his aircraft in a high state of operational efficiency at all times, and his devotion to duty is in keeping with the highest traditions of the service."

Postwar Retraining of Civilians Rejected

WASHINGTON, Aug. 22—(AP)—The house ways and means committee today struck from the senate-approved demobilization and reconversion bill all provisions for postwar retraining and reconversion of civilian workers.

The action eliminates, subject to future house action, the senate provision for transportation costs of up to \$200 for return of migrated civilian workers and their families "to the location of their bona fide residence." This does not, however, disturb the wartime retraining and reconversion program created by executive order and headed by Brig. Gen. Frank T. Hines. Likewise retraining and reconversion of war veterans were not disturbed.

Spree Costs Fine of \$20

Vernon J. Rogers, charged with intoxication, paid a \$20 fine after pleading guilty before the Roseburg city court, A. J. Geddes, city recorder, reported today.

GIRL WANTED ANN'S FOUNTAIN LUNCH

He stole \$40, a pistol and a knife from his father, then ordered five companions to rent horses and meet him at a lonely spot. There he held up

Billy the Kid Stunt Puts 15-Year-Old Boy in Jail

PORTLAND, Aug. 22—(AP)—A 15-year-old Billy the kid, 1944 version, was thinking it over in the county jail today. Police told this story: He stole \$40, a pistol and a knife from his father, then ordered five companions to rent horses and meet him at a lonely spot. There he held up

Says Washington To Blame For Raid On Pearl Harbor

WASHINGTON, Aug. 22—(AP)—Rep. Church (R., Ill.) told the house yesterday that the full blame of the Japanese attack on Pearl Harbor, December 7, 1941, "will shock the world" and added:

"Washington was to blame." Church spoke in connection with a public letter addressed to Senator Truman (D-Mo.) by Rear Admiral Husband E. Kimmel, who was removed from active command after the Pearl Harbor disaster. Kimmel told Truman a report on the attack prepared under the chairmanship of Assistant Justice Owen J. Roberts of the supreme court "does not contain the basic truths of the Pearl Harbor catastrophe" and that a magazine article by Truman contained "false statements."

"The Roberts report is nothing more than a political document," Church said in the house. "It was designed to allay the public clamor for information as to the party or parties responsible for our armed forces being taken by surprise."

Increased Pear Canning Urged to Move Surplus

SEATTLE, Aug. 22—(AP)—Utilization of an expected surplus in the Washington and Oregon pear crops by encouraging increased canning along the Pacific coast was announced by the regional War Food administration's office of distribution yesterday.

The program is planned to permit canners outside the area to help process the fruit by authorizing equalization payments. The 1944 crop is estimated at 5,888,000 bushels, nearly two million bushels more than last season's 3,906,000.

Yankee Fliers Use Decoy To Slaughter Japanese

WASHINGTON, Aug. 22—(AP)—Many a Japanese gun crew, firing at what appeared to be a lone some and lost Yankee fighter pilot, learned that they merely had fallen for a live bait trick and signaled for their own destruction.

The War department described the ruse today in a story of how Seventh air force pilots solved one of the big problems of the Tinian invasion operations—hiding

den machine guns and artillery. The Thunderbolt pilots went out in teams of four, three flying at very high altitude while the fourth cruised low over areas believed to conceal gun positions. The pilots in the upper air kept a close watch on the decoy plane, and when the Japs began firing at him they came down fast and furiously with wing guns and bombs.

Three such teams knocked out nine machine guns and three anti-aircraft guns and also bombed coastal positions in two hours' time on one occasion.

Civil Service Agent to Seek Job Recruits Here

A representative of the U. S. civil service commission, Kenneth L. Fordham, will be in Roseburg and vicinity, Aug. 25-28, to recruit men for jobs on the west coast. All types of workers, skilled tradesmen, helpers, and laborers are needed immediately at the naval establishments in Vallejo, Alameda and San Francisco, Calif., Bremerton, Wash., Hawthorne, Nev., and Clearfield, Utah, he reports to F. W. Chase, U. S. employment service manager.
