

Fire Damage to Sutherlin Water Plant Being Fixed

SUTHERLIN—Restoration of the Sutherlin water system, damaged by fire which destroyed the pumping station recently, is making good progress, and full service is expected in the very near future.

The fire destroyed the diesel engine used to provide power and also damaged the pump. Dependence entirely upon gravity, the water system failed to provide a sufficient supply, forcing closing of the mills.

The pump has now been repaired and a small gasoline engine has been installed to provide for domestic use and to fill part of the needs of the mill.

The California Oregon Power company is completing a new power line to the pumping station and expect to have equipment installed within the next few days to restore the service to normal capacity.

Nazi Control of Air Raid Units Ordered by Hitler

LONDON, Aug. 31.—(AP)—Adolf Hitler has ordered the Nazi party to take control of the nation's air raid precaution services.

This move announced by the German radio today means that air raid wardens henceforth will take orders from gauleiters and trusted local group leaders of the party.

Apparently, many non-party personnel had been cracking under the strain.

In a companion decree in Dr. Goebbels' "total mobilization" drive, all theaters were ordered closed in Germany, Czechoslovakia and Alsace, the province annexed from France in 1940.

South Pacific Veteran Speaker at Lions Meet

Lt. Harold A. Thomas, who recently returned after 27 months of active duty in the south Pacific, was guest speaker at the Roseburg Lions club at their regular dinner meeting in the Umpqua hotel last night.

Lt. Thomas, who was returned to the United States June 23 for medical treatment, told club members of his experiences on Salamaua, in New Guinea and in Queensland, Australia.

Ed Nolte, Carl M. Felker and Wm. F. McKibbin were guests of the club.

By Roseburg Committee Rent Charges Adjusted

(Continued from page 1)

greatest service to the community in these trying times.

"In recent months the Roseburg district has seen some increases in rents along with all other increases that war times have brought us. These increases have been far less than in many other large industrial centers, but they have been sufficient to cause worry to renters, who have wondered how far the movement might go. The sudden and unexpected increase in Roseburg population has stimulated the demand for living quarters without increasing the supply. Thus the law of supply and demand has caused some rent increases."

The rent control committee was named by Mayor W. F. Harris as a means of forestalling establishment of a federal rent control district, which would work hardships on landlords and tenants alike. Complaints filed with the OFA board are submitted to the rent control committee for hearing and adjustment.

Germans Try to Burn Oil Plants at Ploesti (Continued from page 1)

to destroy wells, pipelines, derricks and equipment.

Big Nazi Army Doomed One Russian army turned north through a pass leading to the trunk line railroad from Bucharest to Budapest and Vienna. Large groups of Germans and Hungarians are known to be massed in Hungary-held Transylvania in the path of this force.

Even after the Romanian army's big defeats on the Russian steppes, in the Crimea and at Odessa, Red Star said it still had 30 to 35 divisions. King Mihai has pledged these to the allies.

"German divisions in Romania are doomed," the usually conservative army organ added. Red Star said five to six German divisions in Greece and the Aegean islands were cut off from the main German army and that Marshal Tito's divisions had handed the Germans defeats in Yugoslavia. In Ploesti itself, dispatches said fires lit by the fleeing Germans raged through the streets and interfered with operations. The Germans left dozens of barbed wire barricades in the path of the Red army.

Top Nazis in Prisoner Bag The lightning advance by Gen. Malinovsky's army captured an additional 15,000 Germans Tuesday, including a corps commander, Gen. Hell, a divisional commander, Lt. Gen. Weitzner, and two colonels commanding divisions, the Soviet communiqué said.

German losses in the unsuccessful defense of Ploesti were declared "tremendous."

Tolbukhin's Third army reached down the Danube valley through Walachia in thrusts which promised to link up with Marshal Tito's forces in Serbia.

Bulgaria Rebuffed Moscow today accused Bulgaria of continuing collaboration with and aid to Germany. The rebuke coincided with peace term discussions between Bulgaria and the allies in Cairo. Bulgaria could look for no amelioration of terms through sympathy from Russia, her long-time friend, with whom she is not at war.

Toll of Nippon Craft Boosted by New Blows (Continued from page 1)

ers ranged on to strike again at Davao, southernmost important city in the Philippines and a Japanese town even in pre-war days. Central and north Pacific air forces maintained their threatening aerial pincers on Japan itself. Liberators were unopposed in a night raid on two airfields, 750 miles south of Tokyo. Three Aleutian-based planes were damaged in attacks on Paramushiro. Chinese Battering Japs An American observer in China said incessant air battering and the hammering blows of Chinese infantrymen threatened to bog down Japan's drive into southeast China, designed to bisect China. The Japanese were engaged in bitter fighting ten miles south of Hengyang and 45 miles northwest of that railway junction. Chungking said defending forces still fought for Lichu, potential coastal air base near Japan. Tokyo had previously reported its capture. Chinese also reported Tokyo

had ordered Japanese civilians out of Shanghai and Amoy—both threatened by U. S. bombings.

Two air battles over Yochow Tuesday developed into the biggest aerial combat of the China war, Gen. Stilwell disclosed in a revised report listing 49 Japanese planes destroyed or damaged.

Eight Zeros were shot down in a later raid on Hankow. Both Yochow and Hankow are major enemy air bases in central China.

4 Allied Armies Chasing Germans to Homeland

(Continued from page 1)

border of Germany was 87 miles ahead of this force.

Forty-five miles ahead of the American drive was the gateway city of Sedan, where the Germans won the battle of France in 1940, by skirting the Maginot line. Verdun, 40 miles north of St. Dizier, along with Metz and Nancy were strongpoints of the French defense line.

There have been reports the Germans were able to reverse guns to point west, but many observers doubt that any real reversal has been attempted. This would take years, and the Germans have had a few scant weeks since it dawned upon them that allied armies were loose and heading for their own borders.

Skirting Drive Planned Equally, there is no indication that Eisenhower intends a head-on attack through the Maginot and Siegfried lines.

Spearheads are aimed instead at the Ardennes forest, skirting the north end of the Maginot

and leading into Germany where the German chain of forts probably is thinnest.

The British bridgehead across the Somme—last natural barrier on this front before Belgium—was established in strength.

The British were half way from the shattered Seine line to Belgium and at Amiens they were where the "black day" defeat of the German army in 1919 brought Ludendorff to ask for peace.

The Germans were pulling out along a whole 120-mile arc in a top speed withdrawal which suggested final abandonment of northern France, the buzzbomb coast and all, for the defense of the menaced homeland.

British On Historic Ground The fall of Beauvais, 30 miles

north of the Seine, and Gournay, 15 miles west, denied to the Germans left in the peninsula their most direct route of retreat, and the onrushing British at Amiens threatened to seal off the entire coast to Le Harve, 85 miles southwest.

At Amiens the British were on familiar soil, for it was here that their fathers under Sir Douglas Haig launched a counterblow Aug. 8, 1918, that caught the Germans off balance and hastened the day of their final collapse.

Some 200 enemy vehicles caught on a road racing northeast of Amiens in today's clearing weather were wiped out, the RAF reported.

RAF Mosquitoes bombed Frankfurt in Germany last night and transport in France. Planes from
