## Legion Post, Army Mothers to Sponsor Blood Givers' Trip

Umpqua post of the American Legion, at its regular meeting last night, voted to sponsor jointly with the Army Mothers a trip of blood donors to Portland Armistice day, Nov. 11. The bus will leave early on the morning of the holiday and will return Sunday.

The post is urging Legionnaires and auxiliary members to register at the Douglas County chapter of the American Red Cross for the trip. Earl Plummer has been appointed chairman of the project.

Considerable discussion was given at last night's post meeting to the organization's building program, as it is desired to secure permanent quarters prior to the return of men from the current war.

Patrick W. Kelly, assigned to the rehabilitation post at the Veterans administration facility in Roseburg, spoke briefly to the Legionnaires on the rehabilitation program. Kelley, a veteran of the present war, is temporarily succeeding Tom Collins, now receiving medical treatment as contact man at the facility.

Erwin Short was appointed membership chairman, and a report was received that membership to date total 114. The post has a total of 299 members last night. The membership drive is now in progress and will reach its peak on Armistice day.

George Trapolis was appointed chairman of the Armistice day program committee.

## Postwar Planning Presbytery Topic

The Presbytery of Southwest Oregon continued its meeting at the Community Presbyterian church in Oakland today, with ministers of churches in southwest Oregon and Tulelake, California, churches in attendance. Following business sessions and reports Tuesday, a public service was held last night at which Rev. Hugh L. Bronson, pastor at Tulelake and Presbytery moderator, spoke on the theme of "Redeeming the Time."

The Rev. Mr. Bronson emphasized the fact that the church's past record and its postwar planning were not sufficient. The churchman's responsibility in the light of the day is to redeem the present time by earnest service, the speaker declared.

The session was scheduled to conclude early this afternoon.

## Newspaper Aid in War Bond Drives Highly Lauded

WASHINGTON, Oct. 3.—(AP)—A testimonial to "the amazing support newspapers have given the five war loan drives," has been made public by Ted R. Gamble, director of the War Finance division of the Treasury department.

Gamble said in a statement to Chairman F. E. Cripp of the allied newspaper council:

"On this, national newspaper week, I would like to express the gratitude of the treasury for the amazing support newspapers have given the five war loan drives. In the last four drives alone the daily and weekly newspapers published a total of 589,623 separate war bond advertisements with a value of \$31,213,760."

"A total of over \$77,000,000 in newspaper advertising has been devoted to the sale of war bonds since May, 1941."

"In addition, newspapers contributed 168,244,463 lines of news and editorial space to promote the last four drives. "Our compliments go not only to the newspapers but the thousands of business organizations and individuals that have answered the treasury's urgent call to sponsor this vital advertising."

"America owes a debt of gratitude to newspapers for their loyal and patriotic support of this vital war financing program. Their help has made possible a total of over \$100,000,000,000 in bond sales to non-bank investors since May 1941. The treasury deeply grateful for the contribution and sustained support that newspapers are giving our vital war bond campaigns."

# ARE YOU A CIGARETTE SMOKER?

Here Are Some of the Reasons You Can't Get Your Favorite Brand These Days.

We are struggling with a very serious cigarette shortage which is rapidly becoming more serious and just as rapidly driving the dealers to a state of hysteria.

We have pleaded with the manufacturers to increase our allotments on the grounds that we are serving an ever increasing population. But so far our pleadings have been in vain.

The manufacturers, for the most part, have bowed our allotments on our 1942 purchases and since our quotas have been established they have constantly been cutting them down. At present we are receiving 35 per cent of the Camel cigarettes which we purchased in the base months. Other manufacturers have cut our allotments in very much the same manner.

Couple this with our increase in population and it is easy to see why your dealer cannot supply the demand.

We are making every effort to distribute our meager supplies to our customers. We would like to be optimistic about the future, but with the ever increasing demand from the armed forces, the very serious shortage of labor and raw materials of all kinds and the fact that cigarette production for the year ending July 1942 was down 12 per cent, does not call for very much optimism.

We'll keep on trying and, in the meantime, please be patient with your retailer. He is trying hard to do an impossible job.
