The Weather

U. S. Weather Bureau Office Roseburg, Oregon. Forecast for Roseburg and vicinity: Partly cloudy with occasional showers tonight and Sunday.

Highest temp. for any Oct. 96 Lowest temp. for any Oct. 22 Highest temp. yesterday 70 Lowest temp. last night 52 Precipitation yesterday .0 Precipitation from Oct. 1 to 21 Deficit from Oct. 1 1.38 Deficit from Sept. 1, 1944 1.90

In the Day's News

(Continued from page 1)

the entrances to the South China sea.

(The Japs have to maintain their fiction that they have DESTROYED task force 58.)

BRITISH troops, advancing into western BURMA, have taken the Jap base at Tiddim, from which the little yellow men launched their unsuccessful attempt to invade India.

It may be, you see, that we and the British are moving against the Jap SIMULTANEOUSLY from east and west. The monsoon rains are about due to end.

THE news from Europe is scanty as to detail, but HIGHLY SIGNIFICANT.

The Russians coming from the east appear to be something like 90 miles OVER THE BORDER INTO EAST PRUSSIA. The Germans describe it as a "grand-scale breakthrough at all costs," and say it is backed by tremendous force, including at least 500 tanks.

At the same time the Germans report a New Russian offensive from the Narva river in Poland, aimed at Danzig—which, if successful would cut East Prussia off entirely from Germany.

(All these reports come from the nazis. The Russians are remaining ominously silent. Their custom is to fight first and talk afterward.)

ALSO, the Russians are attacking Czechoslovakia over the Carpathian passes. Czechoslovakia is conquered German territory—HIGHLY INDUSTRIALIZED. The great Skoda works have always been among Europe's most important munitions plants.

ON the western front, Aachen is in our hands. British and American armies are striking EASTWARD out of the Nijmegen salient. In the Schelde pocket, the German garrison has been reduced from 5,000 to 1,000, and the Canadians are within a mile and a half of the German guns that have been KEEPING US OUT OF ANTWERP.

Antwerp, right behind our lines in Holland, is the port we need to solve the problem of supplying an all-out offensive against northern Germany.

IN the dispatches from the western front there is a note of suppressed excitement suggesting that something BIG isn't far off. We can't forget that only a few weeks of fighting weather at the best are left there. If something big is in the wind, it will happen soon.

THIS is the grand strategy that is suggested by the news: We and the British will strike

THE COUNTY MANAGER

By Charles V. Stanton

THE second measure which will appear upon your ballot Nov. 7 is a proposed constitutional amendment "authorizing change to managerial form of county government."

Many voters will make the mistake of thinking a favorable vote would provide a manager for their own county. Such is not the case.

If this amendment is adopted we need not have a county manager in Douglas county, but if Lane county, for instance, should want to change its pattern of government, the voters in Lane county would have that privilege.

The county manager and commission form would call for the election by the people of commissioners. The manager could be either appointed by the commission or elected by the voters, this matter to be determined by the legislature, which will, if the measure is passed, be authorized to establish proper procedure.

It is contended by proponents that the commission-manager system for county governments would be more efficient and economical than the existing pattern.

Forty-five volumes from the Alien Patent library will be on display at the Roseburg chamber of commerce offices all day Monday, Oct. 23. In selecting the volumes to be displayed in Roseburg, careful consideration has been given to present and post-war industrial trends in the community.

The Key to Prosperity

John C. Watson, president of the New York State Council of Retail Merchants, has asked the War Production board to supply newspapers with more paper as soon as possible after the close of the European conflict.

We never expected we would live to see the day in the newspaper business when we would be forced to reject requests for advertising space and be required to turn away subscribers. Through long habit we always produce an advertising sales talk at every possible opportunity.

But the News-Review is confident the American people will insist upon a future in which free enterprise will be given opportunity to maintain a high level of prosperity. We believe it so strongly, we are investing heavily in machinery and equipment which we anticipate will be necessary in the new era of business and industrial expansion.

We have installed hundreds of dollars worth of new type faces for use by our display advertisers. We are greatly enlarging our engraving department. We have a marvel of a typesetting machine and a material maker on order.

Advertising is the key to prosperity. The day is coming—and soon, we hope—when we will again have ample advertising space to sell. It hurts us to have to turn away advertisers and subscribers, but in this we know we have many fellow sufferers.

But, oh boy, just wait till we get back in the groove!

EASTWARD out of Holland to meet the Russians driving westward through East Prussia.

Between this mighty hammer and anvil, Hitler will be caught and smashed.

JUST a word, in conclusion, on the home political war:

Dewey, in a speech broadcast from New York, indicts vigorously what he calls the "personal, secret diplomacy of President Roosevelt." He says it will be a GREAT DISASTER if a few individual rulers should in secret conferences try to shape the future of the world.

The lessons of history back up his warning. Peace made by individual rulers lasts only as long as the individual rulers get along with each other—and ambitious men, holding vast power in their hands, TEND TO QUARREL sooner or later.

AFTER CONQUERING PRUSSIA, Czar Alexander I of Russia and Napoleon met to lay down the terms of peace FOR EUROPE.

The peace they made lasted only until Alexander and Napoleon QUARRELED—which was soon. Then Europe was plunged into war again.

Peace that is to last must be made by WHOLE PEOPLES,

The world's greatest ocean, the Pacific, has an area of 67,699,630 square miles.

OUT OUR WAY

By J. R. Williams

Information on Alien Patents to Be Offered Here

Forty-five volumes from the Alien Patent library will be on display at the Roseburg chamber of commerce offices all day Monday, Oct. 23.

Purpose of the display is to give every industrial operator in the area an opportunity to learn just what alien patents can be made available to serve their needs. The display is open to all industrialists.

KRRR Mutual Broadcasting System, 1490 Kilocycles.

2 Douglas County Green Guards Win Contest Awards

Douglas county places two in winning ranks of the annual Green Guard activity contest sponsored by the Keep Oregon Green association.

Lila Mae Isom, 14-year-old Green Guard of Roseburg, and Donald Wilson, 14, of Tenmile, were both awarded 5th place prizes upon submitting their season's fire prevention activity records and a theme written on their experiences in the Oregon woods.

Miss Isom has been a prize winner in this contest for the past three seasons. She was cited earlier this year for meritorious services in the suppression of a fire. Her squad of Green Guards has been headed by Ruth Morgan, who is now serving with the Women's army corps.

The interest displayed by these youngsters is typical of 20,000 Green Guards who have aided materially in the public program to reduce the losses from man-made fires in our farms, fields and forests.

The 5th prize awards consist of a choice between \$5 in war saving stamps or a like value in a Green Guard sweater.

DIAL LOG

By SUSAN

"The Legend of Deepwell Crossing" will be Chicago Theatre of the Air's program for tonight—and in scanning the publicity we find quite a few old favorites listed in the music, including the "Anvil Chorus" and "Drink to Me Only With Thine Eyes," Red Ryder at 7:30. Downbeat Derby at 8:00 and Shady Valley Jamboree at 9:30. This is the Derby's last appearance and, according to present plans and specifications, Shady Valley Jamboree will move up to their time and will expand to a full hour—don't take this as a promise though because anything might happen between now and next Saturday. As a matter of fact—we don't much care what programs we get—or what programs we miss, as long as they'll keep breaking their off to bring us a lot of good news from the Philippines. Just regular programs seem a bit on the dull side by way of contrast. Tomorrow morning Bobby Hookey throws his hat in the political ring at 10:30.

Your American the new 1 o'clock show we missed hearing last week, but we did hear the shadow and Quick As a Flash. There's a solid hour of solid entertainment in those two shows—and we enjoy Dick Brown's songs ever so. While we doubt if he'll ever be a Sinatra or a Crosby, he's still good and we always get a laugh out of those very general commercials. Opera at 4—it's Maion this time and plenty of entertainment in the evening. You'll be glad to know that Human Adventure moves back to its 9:30 spot on Sunday night—we've been awfully about it. That's it for today and tomorrow. Lots of good entertainment on 1490 all days and all evening long. And any late news that comes along will be on the air Quick As a Flash.

There's a mixup in the publicity on this one.

Kenneth Clark Steps Up In Pontiac Service

Kenneth D. Clark, formerly of Roseburg, a graduate of the Roseburg high school and employed for several years as a salesman with the Hansen Motor company,

has been appointed as manager of Pontiac's Portland zone, according to word received from Portland. Clark has been with the Pontiac sales agency in Portland for the past eight years, recently as district manager and assistant zone manager.
