THE UNSEEN GUARDIAN OF THE WIRES

The Testboard Man is working day and night in Telephone Central Offices to keep your telephone service working smoothly.

It's amazing what he can do. If there should be any trouble on the lines, special instruments help him locate it within a few yards—even though it is miles away from the testing station.

This saves hours of searching by line crews. That's more important than ever these busy war days.

WHEN CALLING WAR-BUSY CENTERS Sometimes you may hear the Long Distance operator say—"Please limit your call to 5 minutes." That's to let you know that the lines are crowded.
