When you ride in
an airplane...do
your ears hurt?

Air pressure varies with changes in altitude and this also
makes differences in baking results when the same recipe is used.

In order that users of Fisher's Blend Flour, not nationally distributed, but avail-
able generally in the low altitude of the Pacific Coast, may be sure of perfect
baking,

SEA LEVEL RECIPES

are included in every sack of this famous flour. These recipes are developed
and tested by Mary Mills, Fisher's own home economist and are provided ex-
clusively with

FISHER'S BLEND FLOUR

Fisher's Blend is blended to better your best in baking—an all-purpose family
flour as good for cake and pastry as for bread.

Serve these easy-to-bake... delicious-to-eat cookies with cider
for Halloween. (Makes about 2 dozen).

SEA LEVEL RECIPES apply at all altitudes under 3000 ft. Roseburg is only 478 ft.

★ PRETZEL SUGAR COOKIES... Mary Mills

TESTED SEA LEVEL RECIPE!

A Mary Mills' recipe tested especially for Sea-Level baking with
Enriched Fisher's Blend Flour.

$1\frac{1}{2}$ cups Enriched Fisher's Blend Flour
 $\frac{1}{2}$ teaspoon double-acting or
 $1\frac{1}{2}$ teaspoons single-acting baking powder
 $\frac{1}{2}$ teaspoon nutmeg
 $\frac{1}{4}$ teaspoon salt
 $\frac{1}{4}$ cup shortening
 $\frac{1}{2}$ cup sugar
1 unbeaten egg
1 teaspoon vanilla

Sift and measure Blend Flour. Sift again
with baking powder, nutmeg and salt.

Cream shortening; add sugar gradually,
and continue creaming until light and
fluffy. Add egg and vanilla and beat well.

Add sifted dry ingredients to creamed mixture, blending thoroughly. Dough will ap-
pear crumbly, but will stick together when kneaded slightly. Roll into long pencil-like
strips between hands and bread board. Sprinkle bread board generously with plain or
coarsely granulated colored sugar. Shape pencil-like strips into pretzel shapes on greased
cookie sheet. Bake at 425°F. 8 to 10 minutes.

★ Ask your Grocer for Fisher's Blend Flour and
bake by the Sea-Level Recipes in every sack
