NAZIS' PIGGY-BACK BOMB-Sketch above is Mechanix Illustrated's conception of another vaunted German "secret weapon," the "piggy-back" bomb. An ME-109 is mounted on an obsolete JU-88, which is pilotless and loaded with 4000 pounds of explosives. On reaching goal, Messerschmitt pilot releases the robot plane, guides it onto target by radio. Slow speed of the gadget makes it easy prey for allied fighters and ack-ack gunners.
