JOIN THE MARCH OF DIMES

By Charles V. Stanton

THROUGHOUT the remainder of this month we will hear continuous appeals for participation in the "March of Dimes," the annual campaign for funds to support the National Foundation for Infantile Paralysis and to obtain money with which to aid victims within our own county.

The dread disease took heavy toll during the past year. Throughout the United States thousands of children and many adults became afflicted. Some will be hopelessly crippled for life, but by far the greater number, thanks to new methods of treatment, have been or soon will be completely restored to health.

Five cases required aid in Douglas county during the past year. Two were at Reedsport and one each at Curtin, Drain and Sutherlin. One case has been completely cured, but four are still receiving treatment.

This has not been accomplished without expenditure of a considerable sum of money. The Douglas county committee in charge of infantile paralysis relief activities started the calendar year with a balance of \$224.65. Receipts in the 1944 "March of Dimes" campaign amounted to \$2331.26, of which one-half or \$1165.63 was retained in the county and the balance forwarded to the national foundation.

When it became evident the committee would not have funds on hand to meet expenses until money became available from the current drive, the sum of \$600 was borrowed from the national foundation, the money being cheerfully advanced with the declaration that "no victim of infantile paralysis must go untreated because of lack of funds regardless of race, creed or color."

For several years we were fortunate in this county in the fact that no cases of infantile paralysis were reported. The committee had a surplus of funds which was kept invested in negotiable bonds. But during the past year it became necessary to dispose of the bonds and to borrow additional money.

One of the four cases still receiving treatment probably will be discharged in the very near future. At least one will require prolonged treatment—possibly for a year. We cannot know in advance whether there will be an epidemic in 1945. The only way we can be prepared for any emergency is to provide an ample budget through contributions during the campaign now in progress.

You can best serve your community if you will make your contributions through your local committee. Some appeals already have been made to send money to certain radio programs. While we appreciate the worthy cause for which these appeals are made, Douglas county does not share in any money sent to sponsors of such programs.

We have learned in comparatively recent months of corrective methods which, if promptly applied, generally result in restoration of normal functions to affected parts of the body. But to maintain these treatments costs money. We would feel very badly indeed if some Douglas county youngster should be forced to go through life a hopeless cripple simply because we failed to contribute a small sum of money to aid in his care.

In every community throughout Douglas county you will find plainly marked bottles and boxes to receive your small change. But don't stop with giving dimes. Give generously to your local committee. Make it a "March of Dollars" instead of a "March of Dimes."

Mrs. F. H. Fawcett Claimed by Death

MYRTLE CREEK—F. H. (Bert) Fawcett of Spanaway, Wash., writes to relatives here of the death of his wife, Ella Deardorff Fawcett, of cancer about three weeks ago. She was the daughter of the late Mr. and Mrs. Peter Deardorff and was well known in Douglas county.

She first survived by her husband, three daughters, Zella, of California, Edith and Vera, both of Washington, three sisters, one Mrs. V. C. Dunnavin living at Myrtle Creek; two brothers, Joe and Alva Deardorff, the former living here. She also leaves several grandchildren.

While en route to the hospital at Tacoma, one week before her death, attended by her daughter Edith and her sister, Mrs. Elsie Langston, the ambulance collided with a mail truck breaking Mrs. Langston's ankle and bruising other occupants of the car, but fortunately only minor injuries were received.

DIAL-LOG

By SUSAN

We have it upon good authority that the basketball game tomorrow between Marsfield (Covey Bay) and Roseburg will be broadcast in full with the exception of 15 minutes out for the Newspaper of the Air. We have to thank Mr. E. G. High for permission to move his Service Salute program, for this one time only, up to 8 o'clock and so make it possible to broadcast the last part of the game.

Beginning early on Saturday morning, you'll find a number of special event broadcasts listed. First and foremost, of course, is the direct broadcast of President Roosevelt's inauguration ceremonies. That will begin at approximately forty minutes. Then at 10:30 we have a local special event—we're going to start our Mile O'Dimes down on the sidewalk on Jackson St., and we'll bring you a ten minute dime-by-dime program. Why not come on down and add your dime while we're on the air? Glib figured out that it would take over 90,000 dimes to make that mile—our goal for this drive. We then return to normal for the balance of the day until the change of time in Service Salute and the basketball broadcast in the evening. Several changes of time and changes of program are scheduled for Sunday, including a new newscast at 12 noon... but we'll tell you about those tomorrow.

IS YOUR INCOME FIREPROOF? IF your gross sales are \$20,000 and your goods cost \$12,000 that you have a margin of \$8,000 which you must use for rent, salaries, taxes, miscellaneous expenses—and your profit. BUT if you have a fire which shuts you down then that \$8,000 is reduced although you still have the expenses—and no profit. BUT if you have Business Interruption Insurance then your insurance Agent will give you a check to pay those expenses and restore the profit and your bank book will never know you had a fire.
