Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or steady passages with burning and stinging along the bladder, don't neglect this condition and lose valuable, peaceful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause aching backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

THE OREGONIAN PICKS "FRUITS AND NUTS" to tell America about OREGON AGRICULTURE

Oregon... America's Great Orchard!

Oregon is particularly well fitted for the vital part it plays in keeping America well supplied with fruit and nut crops. Our mild climate, ample rainfall and fertile soil help our orchardmen to run up yearly records to lead the rest of the country!

These records have attracted many allied food industries to locate here so that cold storage, quick freezing, packing, preserving and canning plants are located throughout the state. Postwar plans already established call for tremendous development in the fruit, nut and vegetable processing fields.

Here are some figures for the 1942 pack from Oregon orchards:

- 2/3 of all the plums in the United States
- 4/5 of all the prunes.
- 1/4 of all the pears.
- 1/10 of all the apples.
- 1/5 of all the filberts.
- 2/3 of all the filberts.

The total national pack of rhubarb.

Food production and processing are stable Oregon industries—examples of our basic, natural wealth. We invite you to share that wealth with us.

Continuing the series of advertisements in *Time* and other national magazines, THE OREGONIAN this month tells the nation's business and industrial leaders something about Oregon's outstanding production of fruit and nut crops.

THE OREGONIAN, a leader in the thought and action of the Northwest since 1850, will continue to champion the cause of Oregon by telling America of the opportunities of this region... and at the same time reminding our own people of the advantages of living and working here.
