The President's Birthday Ball

Monday, January 29-9.p.m. ROSEBURG ARMORY Music by Lund's Rythm Men

Urging full cooperation of the people of Oregon in the annual fund-raising appeal of the National Foundation for Infantile Paralysis, Governor Earl Snell today directed attention to January 29, as Infantile Paralysis Day in this State.

The governor pointed out he was aware the national totals of polio cases have been among the heaviest in history during the past several years, and that thousands of patients may be expected in 1945, some of them for years after.

"Lives broken by infantile paralysis are among our greatest tragedies," the governor said. "The help we can give now will contribute mightily to the rehabilitation of thousands of these boys and girls so they may live and enjoy normal lives. At the same time, we will be furthering valuable research to the great general good.

Come to the President's Birthday Ball . . . and bring your friends and neighbors . . . for every ticket bought means more help toward the ultimate goal.
