MAY FETE FESTIVITIES HELD AT SENIOR HIGH

Friday, May 11, at Roseburg senior high school only one class was conducted and the balance of the day was devoted to May Fete festivities.

The morning program which began with the crowning of Queen June Clayton, was attended by high school students and some adults.

A song by Marilyn Preston was first on the list of entertainment in honor of Queen June 1.

Dances and musical numbers were climaxed by the winding of the May pole by junior girls and their escorts, and Queen June, escorted by Elliott Molschenbacher, formed a reception line with her princesses, to be greeted by everyone who attended the May fete.

Everyone danced after lunch until 1:30 when the girls' track meet started. The juniors ended up with 3 first places, the sophomores 1, and the seniors, 1.

The senior girls won the baseball game from the junior girls. This game was on an inter-class basis.

The Roseburg-Drain baseball game wound up with the Indians ahead and the day ended in a driving rain.

"Miss Jimmy," the all-school play was hailed as a great success and the majority of the audience clamored for the song which ended "Miss Jimmy" to be played and sung again.

While the actors got rid of all their make-up, other ambitious students took down the chairs to make ready for the Queen's ball. Barbara DeFreem was in charge of the dance. Colorful greenery and flowers decorated the room. The dance ended at eleven and another May fete was over.

Oaks, Padres Crowding Rainiers for 2nd Spot

(By the Associated Press)

Seattle's shaky hold on second place in the Pacific coast league stood at only half a game today as both Oakland and San Diego moved up a notch on the Rainiers last night.

Portland, in front of the pack with a six-game lead, and Seattle were forced to mark time as travel difficulties caused postponements of Tuesday night contests in the two northwest cities.

Oakland, playing on its home field, edged out Sacramento 7-5 to move within half a game of Seattle.

San Diego, half a game behind Oakland, beat the luckless Hollywood Stars 10-6 in the film city.

Ralph Watson, the Stars' new shortstop, handled 12 changes without an error, figured in two double plays, got two singles and a double, scored twice and stole a base in his debut.

Discharge of GIs With More Than 3 Children Demanded

WASHINGTON, May 17.—(AP) A move to force the army to discharge all men with more than three children has begun on Capitol Hill.

It is under the leadership of Representative Engel (R-Mich.) who said he will seek a house vote on the proposition when the annual War Department appropriation bill reaches the floor within several weeks.

As a member of the appropriations subcommittee handling army funds, Engel will ask the committee to write into the bill a ban against payment of funds to any service man who has more than three children. Its acceptance, he said in an interview, would force the army to discharge such men, since no one can be compelled to serve without compensation.

Should the committee turn him down, Engel added, he will submit the amendment to the house itself.

Chairman May (D-Ky.) of the military committee said he would resist any such move because "we must have confidence in the judgment of the army's leaders."

Economic Factor Stressed

Engel, asserting he expects enough support to have his plan adopted, added:

"Not only from the viewpoint of humaneness but as an economic proposition it is unsound to keep such men. It costs the government large sums of allotment and allowance payments and, if the man is killed, there is continuing liability to the dependents."

"And, with worry over the welfare of their families, they normally do not make the best soldiers."

Engel said he believes legislation is necessary because the army's point system for handling discharges fails to deal adequately with men having more than three children.

The point system allows twelve points for each of the first three children, but none for additional children. A total of 35 points is required to make a man eligible for discharge consideration.

"A man with five children would have to serve 49 months in this country, or 25 months here and 12 abroad, before he could acquire 35 points," Engel asserted.

It takes the entire milk production of two cows to supply dairy products for eleven soldiers.
