School Budget Election Set in Roseburg July 9

(Continued from Page 1)

additional \$12,000 will be allocated to the Roseburg district, leaving approximately \$39,000 to be raised by direct tax upon property, or slightly less than 7 mills levy based upon an assessed valuation of \$5,600,000.

It is anticipated that enrollment in the Roseburg schools for the year 1945-46 will amount to more than 2,000, as compared with 1763 for the next school year. The figure is based upon projection of increased enrollment in each grade during the past three years, together with current registrations and indicated population growth.

11 New Teachers Needed
The school district during the past year was required to employ four more teachers than had been provided in the budget. Indicated enrollment will necessitate 11 additional instructors for the coming year, making a total of 15 for the new budget. Five new teachers will be required in elementary grades, Superintendent Elliott stated, together with three more teachers in each of the two high schools.

Elementary schools are expected to have a total enrollment of 1,065 as compared with 878 last year; junior high 523 as compared with 459 last year, and senior high 513 as compared with 426 last year.

Employment of 15 teachers to meet the increased growth will cost the district approximately \$30,000 it is estimated, being the largest item of new expense in the proposed budget.

Other Items Increased
Loaded also in the item of teaching is the sum of \$4,700 more than last year, necessitated by the fact that the state board of education is changing textbooks throughout the school system.

General control, including salary for the city superintendent, clerk hire, secretarial expense, audit, office supplies, etc., is upped \$1,222 in the proposed budget. An increase of \$2,728 is provided in salaries for five principals in the schools of the district, supervision of various departments, including art, music and physical education, and clerical hire. The greater part of the amount is the sum of \$1,500 provided for a full time clerk at the senior high school.

With all supply and fuel costs up and one new janitor required at a salary of \$1,920 per year, the operating expense is set at \$5,000 more than last year.

An increase of \$3,400 is proposed for transportation to meet the cost of a bus set up last year, but not covered by last year's budget, when provision was made for conveying pupils from the area in the east part of town, due to the danger created by heavy logging traffic.

Maintenance and repair charges remain unchanged from last year. Capital outlay is down \$2,000, the emergency fund remains unchanged at \$2,000, and debt service is reduced as no principal is due on bonds during the coming year and only interest must be paid.

Improvements Projected
The committee has recommended withdrawal of \$19,441.63 from the special improvement fund to make alterations to existing building to accommodate greater enrollment for the coming year.

The sum of \$19,441.63 was appropriated to provide three new class rooms at the Benson school, and to improve the playshed and to install removable partitions on the stages at Rose and Fullerton schools to increase classroom space. At the Junior high it is proposed to spend \$3,000 in sound-proofing the band and music room, install a cafeteria and add classrooms. Construction of an agricultural building, with workshop for instruction in farm machinery operation and repair, is proposed at a cost of \$5,500.

The special improvement fund from which these changes will be made is not a part of the budget, the money having been previously raised for that purpose and is now on hand.

No Salaries Increased
Unless voters consent to an increase in the budget above the six per cent limitation, it will be necessary to drastically curtail school operations during the forthcoming year, A. J. (Bud) Ellison, chairman of the board of directors, reported. The board has authorized no salary increases other than those provided in the schedule adopted last year, providing for increases annually based on a period of continued service, Ellison said. Roseburg's low salaries already have resulted in loss of several of the most experienced teachers, the chairman reports.

The school budget for the coming year has been under study for several weeks by a committee composed of O. J. Feldkamp, chairman; I. G. Pickens, secretary; G. C. Finlay, Al Henninger and Wm. Adair, meeting with members of the school board.

Big Five Wins Veto Power at Peace Huddle

(Continued from Page 1)

more meetings today, in an effort to wind up its work. The next big vote presumably would be the one approving the veto voting formula.

This is the formula which requires that Russia, France, the United States, China and Britain must be unanimous before the projected security council of the world organization can take any steps to preserve peace. The one exception would be that none of them would vote on peaceful attempts to settle a dispute to which it is itself a party.

While the committee was pressing forward with a high rate of argument to finish the veto question, conference commission No. 3 scheduled a public right session to receive plans from another committee for fitting regional defense systems into the world system.

Yesterday the same commission unanimously approved United Nations charter provisions empowering the council to maintain peace and security by force if necessary.

Works at Naval Depot

Crack Okinawa Japs' Line

(Continued from Page 1)

nearly ended that Tokyo turned its back on the Mikado's dying garrison, 325 miles south of Japan.

The enemy radio, instead, switched its theme to the menace of a homeland invasion. It quoted the Nippon Times as saying "Japan will defend herself unflinchingly and unshakably—as long as her very existence and her sacred ideals are threatened."

The brilliant maneuver of the U. S. 10th army marines and soldiers on Okinawa, entailing a night ascent up the sheer face of cliffs by ropes, posed a threat which the Nipponese acknowledged by heavy counterattacks and intense fire from caves.

Blows in Philippines
Marine dive bombers smashed Japanese resistance east of Davao river on Mindanao and made possible capture of Mandog town by the 24th infantry division, Gen. MacArthur's communique reported today.

On Luzon, the 37th infantry division battled with Japanese in the Bagabag area as they pushed 9,000 yards closer to the Cagayan Valley. They destroyed seven tanks and took 61 prisoners—a large haul for bitter jungle fighting in this hill country.

West Borneo Oil Tanks Destroyed by Japanese

(Continued from Page 1)

Julian, only 15 miles south of Wenchow, after winning Pingyang 10 miles farther south, the Chinese high command at Chungking announced today.

Earlier, the Chinese announced recapture of Hoyun, 105 miles northeast of Canton, but disclosed officially that the Japanese had regained Ishan, western bastion of the former U. S. air base city of Luichow, in bitter fighting some 400 miles to the northwest.

The Chinese said severe fighting was raging outside the city, formerly the main Japanese bulwark guarding the western approaches to the former American air base city of Luichow.

House Approves Bill To Outlaw Poll Tax

WASHINGTON, June 13—The House Tuesday approved, 251 to 105, and sent to the senate legislation outlawing the poll tax as a prerequisite to voting in primaries and elections for federal office.

A coalition of republicans and northern democrats prevailed after southern democrats had succeeded a few hours earlier in blocking house consideration of another antidiscrimination measure—a bill to establish a permanent fair employment practices commission.

Seven Bail Out in Crash Of Bomber; 8th Is Slough

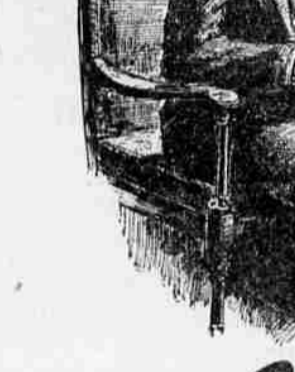

(Continued from Page 1)

WALLA WALLA, June 13 (AP)—Seven men of a crew of eight parachuted to safety when a B-24 bomber from Walla Walla army air field crashed near midnight last night fifteen miles northwest of here, the base command announced today. Search for the eighth member is proceeding.

Big 3 Conference Set, President Truman Says

(Continued from Page 1)
about the arrests of 16 Poles in Russia.
"The all important thing which confronts us," the president said in a written statement released later, "is that the unity, mutual confidence and respect which resulted in the military victory should be continued to make secure a just and durable peace."

Budget Slash Disliked

Turning to the domestic picture, the president expressed hope that congress would restore the entire budget estimate of \$15,000,000 for the Office of War Information, which the house slashed last week to \$18,000,000. He said in a formal statement that to abolish any major functions of OWI while the war continues would be a mistake.
Mr. Truman again said he hoped congress would be given an opportunity to vote on legislation making permanent the Fair Employment Practices committee. The legislation now is held up in the house rules committee which refused by a tie vote yesterday to place the proposal on the house calendar for a vote.
The president also criticized an amendment attached to the OPA extension bill by the senate which calls for a cost-plus pricing system for farm products. He said the amendment, sponsored by Senator Wherry, was bad and he hopes it will be thrown out.
One Appointment Made
Only one new appointment was announced by the chief executive. He named former Governor Wilbur H. Wills of Vermont to succeed Norman S. Case as a member of the Federal Communications commission. Both are republicans.
And for the third time in as many weeks, he announced that no change was contemplated in the state department secretaryship, now held by Stettinius.

Da's na fijn, zunne!...Have a Coca-Cola
(SAY, THAT'S GREAT!)

... an American custom lands in Brussels
In Flemish, it's vriendelijkheid. In American, it's the plain, everyday word friendliness. Everywhere your Yankee doughboy goes, it comes from his heart in a good old home-town phrase, *Have a Coke*. Friendliness is bred in his bone and it bubbles out—like the bubbling goodness of Coca-Cola itself. Yes, the pause that refreshes with ice-cold Coke becomes an ambassador of good will... the old home spirit carried across the seas.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY
COCA-COLA BOTTLING COMPANY OF ROSEBURG

You naturally hear Coca-Cola called by its friendly abbreviation "Coke". Both mean the quality product of The Coca-Cola Company.
