Forecast of Roseburg and vicinity: Partly cloudy tonight and Wednesday.

In the Day's News
(Continued from page 1)
Tokyo, during the Jap fighters to come up. None came.

T H E Japs are obviously saving up their fighters for the big emergency. The Germans tried that and wound up with a good reserve of planes but not enough gas to fly them.

O N Borneo, the Australians have been killing Japs at the rate of 13 to one (13 dead Japs for each Australian killed).

T H E little yellow men have been chased out of Balikpapan and are retreating through the adjacent oil fields (burning and blowing up as they go) toward the jungle in the background.

T H E developments, culled from one day's dispatches, produce inevitably in our minds the impression that we've got the Jap on the run and it won't be long now.

T H E Japs can't win. But nothing in the record so far justifies the prediction that he will have sense enough to quit—soon.

O N the European side, where the shooting has ended but the nervousness hasn't, American, British and French troops are moving in to occupy their agreed-on zones in Berlin.

T H E muddle seems to be on the higher levels, as all military Americans report that their personal relations with the Russians on the job are cordial and friendly.

M O R G E N T H A U is out as secretary of the treasury and Vinson is in. Vinson has been economic stabilizer and federal loan administrator and goes to the treasury from the job of war mobilization and reconversion.

SERIOUS FIRE DANGER

By Charles V. Stanton

A serious fire danger exists in the city of Roseburg and to a lesser degree in other municipalities of the county. The hazard results from accumulation of tall grass, weeds, berry vines, etc., scattered throughout residential areas.

The city of Roseburg has an ordinance requiring property owners to keep their land free from tall grass and weeds, and published warning to clear lots or suffer penalties has been given by the police department.

Until this year it has always been possible to find a few men to do this type of work and the police usually were able to arrest some "winos" to assist with the task.

It is evident that property owners will find it advisable to call in the services of the Roseburg Fire department. The firemen have been burning grass on private property, charging a small fee for each lot burned.

City May Get Traffic Signals

Installation of stop-and-go traffic signals at intersections of Cass and Oak streets with the Pacific highway in Roseburg has been recommended to the State Highway Commission by the street committee of the Roseburg city council.

The highway department a few years ago conducted a traffic check and found that vehicular use of the intersections was not sufficient to justify stop-and-go signals.

Since the check was made, there has been a very great increase in local traffic brought about by increased population and commercial hauling. Cross travel, at least at certain periods of the day, is considerably greater than on the highway, but cars on the through route have right-of-way and often cause great inconvenience and serious traffic jams.

Personally, we have held the opinion that traffic signals should not be installed until absolutely necessary, as the city already is cluttered with traffic controls until a new driver sprains his eyeballs trying to find his way around.

OPA Warning Goes To Lax Landlords

Federal rent regulations require that any person in Douglas county renting a house, apartment, unit in auto court, trailer space or rooms in a private home, hotel or rooming house shall register each unit within 45 days from June 1, 1945.

Both landlord and tenant are sent copies of the registration of houses, apartments and rooms in private homes. Only the landlord is sent a copy of registrations of rooms or units in hotels, rooming houses and auto courts, but in this case the landlord is required to post rates in each unit to acquaint the tenant of the registration made and the legal maximum rent.

If the tenant has not received the green copy in the first class of cases mentioned above or there is no posting of the rates in the second class of cases, this non-compliance with the federal rent regulations should be reported to the area rent office in the war price and ration board, Roseburg.

Bob Montgomery Given Split Nod Over Moran

PHILADELPHIA, July 10.—(AP)—Lightweight champion Bob Montgomery gained a split 10-round decision over Nick Moran at Shibe park last night, but a deluge of chairs and seat covers into the ring indicated that the

Washington that he knows a dollar when he meets it in the street. The big thing, with the spending honeymoon due to come soon or late to its inevitable end, is a man who knows that nations, like individuals, must in the final balancing of the books spend less than they take in or go on the skids.

THE secretary of the treasury, of course, does what he is told to do and pays out what he is told to pay out. So our chief interest is in the men who tell the secretary of the treasury what to do.

Wage Ceilings for Prune, Pear Harvest Will be Discussed

By Charles V. Stanton

Douglas county prune and pear growers will meet Wednesday evening at 8:00 o'clock in the circuit courtroom in Roseburg to discuss wage ceilings for farm labor during the coming harvest season, according to J. Roland Parker, county agent.

In communities where specific wage ceilings for farm labor have not been established, a farmer may pay any wage up to \$200 a month or 85 cents an hour, but if he wished to increase the rate above either of these amounts, he must first obtain approval of the Stabilization board. Many growers, states County Agent Parker, feel key men in harvesting operations are entitled to better compensation than the present wage ceilings permit, especially with a shortage of farm labor and higher wage ceiling established in industry.

All prune and pear growers are requested to attend the meeting and express their opinion as to wages for the pear and prune harvest. A committee of prune growers for the past month has been working on harvesting problems and feel that stabilization of wages will do much to help secure needed labor.

French Election Slated; DeGaulle May be "Drafted"

PARIS, July 10.—(AP)—Two government officials, who claim to know Gen. De Gaulle's intentions, said today that he would not be a candidate for the new national assembly which the French will select at a general election Oct. 14 and expressed doubt whether he would align himself with any party.

Political circles considered it likely, however, that the new assembly would exercise its power to "draft" De Gaulle, the president of the present provisional government, for office.

The fate of the bi-cameral system of government is expected to be at stake in the general election, the first in France since before the war, when the voters decide whether they wish to discard the constitution of 1875, under which the Third Republic was established.

Scribe Doubts Jap War To Be Finished Soon

TACOMA, July 10.—(AP)—Associated Press Correspondent Fred Hampson, told interviewers here yesterday that he had little faith in an early finish for the Japanese war.

"It seems a hard thing to convince people that the war is not near its end just because Germany is finished," Hampson said. "I don't say it will last 18 months, but I do say there is a possibility it may."

U. S. Civilian Food Need Tops Foreign Assistance

WASHINGTON, July 10.—(AP)—A policy of placing American civilian food needs ahead of those of foreign countries will be followed by the house committee, investigating food shortages, Chairman Pace (D., Ga.) declared.

Unhurt in Truck Plunge

HOOD RIVER, Ore., July 9.—(AP)—Driver Jack Mabbott of The Dalles escaped without injury when his Asbury gasoline tank truck plunged 30 feet off the Columbia highway ten miles west of here.

All-Out Waving Turns Out to Be Fire Warning

TE DALLES, Ore., July 9.—(AP)—Henry Strieff has plenty of friends, but he got a shock yesterday when he drove down the main street and every person he saw waved at him. Only after he arrived at a feed store did he discover they were trying to warn him his load of hay was on fire.

Bobby Socks Lose

CHICAGO, July 10.—(AP)—The Bobby socks brigade didn't have a chance in a contest at one of Chicago's big USO centers. In a poll of G. I. Joe's over their preference of bobby socks vs. femininity, the servicemen voted heavily in favor of the fashionably dressed girls, gave the bobby socks only two votes.
