the flames but a fireman refused
his aid with this cutting remark:

"We've got this one under con-

VOLUNTEERS WANTED! TO HELP PREVENT FOREST FIRES

THIS IS A CRITICAL SUMMER! Jap
balloon sabotage is in the air. There is a
shortage of manpower. Forest fires stop the
production of logs critically needed for the war
and burn up manpower.

Throughout Oregon and Washington, district
fire wardens, city fire chiefs and local citizens are
organizing to PREVENT and to FIGHT
FOREST FIRES.

"What can I do?" You ask. YOU can report
every wisp of smoke you see in the woods. Just
call "operator" and say you want to report a fire.

Don't delay. Promptness is vital. YOU can warn
your friends to be unusually careful of cigarettes,
matches and camp fires near the woods.

BE ON ACTIVE DUTY from the moment
you read this message. Decide in your own mind
that you will accept a personal responsibility to
report fires—and to warn others of forest fire
danger. There are no badges, no membership cards
nor medals for this "good neighbor" duty. Your
reward will be in the satisfaction of knowing that
you are doing your part to preserve our forests
and Keep Oregon green.

Fire destroyed an old land
mark in Sutherlin Saturday night.
It contained rooms on the upper
floor which were filled at the time,
but every one escaped without
injury but lost their personal be-

longings, the biggest losers being
the ones on the first floor, as
the shoe shop and living quarters
on the side were completely de-

stroyed, while those living in the
back the fire did not reach. This
building was built in 1910 and at
that time faced the street on the
south.
