PRE-SCHOOL CHILDREN OF ROSE SCHOOL TO HAVE CHECK-UP

The Rose P.T. A. has announced a pre-school clinic for all students who plan to enter the first grade of the school this fall. Parents are being informed that blank forms may be secured at the schoolhouse August 3 from 2 to 5 o'clock. Arrangements have been made for Rose school pupils to be examined on Thursdays, August 9 and 16 from 2 to 5 o'clock at the Douglas County Health office in the courthouse with Dr. E. J. Wainwright in charge. Inoculations and vaccinations will be available at the same time. However, if parents prefer, they may secure the blank forms and take their children to their own family doctor, but the forms must be filled out by the doctor and turned in at the school by the pupils with the opening of the fall term.

The P.T. A. has announced that it is necessary that each child entering the first grade this fall receive a check-up on eyes, ears and throat before the start of school.

Pete Jr. Gets
His Tenth Jap Plane!

Pete Swanson's son, Pete Jr., brought his tenth Jap plane down last week, and his dad couldn't help bragging.

But I got to thinking about Pete Senior: how he hadn't missed a day at the war plant since the war began; how he'd worked overtime and Saturdays and Sundays; how he'd kept himself in shape, been temperate and sensible, so that he'd be at work clear-headed, bright and early every morning.

So, when he invited us over after work to drink a toast to

his son in a sparkling glass of beer—I couldn't help toasting Pete Senior, too.

From where I sit, there's more than one kind of "acc" that's helping win this war... men like Pete Senior, too. And when the war is over, and the monuments are erected to its heroes, I hope they don't forget the workman on the home front—the man who stuck to his job like a soldier to his guns, until the Victory.

Adm. Leahy's Note Read at Trial in Petain's Defense

PARIS, Aug. 1.—(AP)—Adm. William D. Leahy, chief of staff to President Truman, expressed the belief that Marshal Petain always acted in the best interests of France in a letter read today at the treason trial of the old soldier.

As read in court the letter of Leahy, who is attending the Big Three conference at Potsdam, expressed "high regard" for Petain and said he was unable to appear as a witness because of his position. He had been U. S. ambassador to the Vichy regime of Marshal Petain until the Germans took over the unoccupied portions of France in November, 1942, when North Africa was invaded.

The admiral stated that he recalled that on many occasions he had heard Petain express a desire to see the nazis overwhelmed.

After the letter was read, Chief Judge Mongibeaux asserted: "There is one sentence against Petain in that letter."

The defense protested and Mongibeaux did not explain the sentence to which he referred, but obviously it was this one:

"However, I must in all honesty repeat my opinion, as expressed to you at the time, that positive refusal to make any concessions to axis demands, while it might have brought immediate increased hardship to your people, would in the long view have been advantageous to France."
