Melrose Scouts Place First In Council Contest

CAMP LUCKY BOY—Troop 47 of Melrose placed first in the Camp Lucky Boy camporee held last Wednesday and Thursday at this Boy Scout summer camp, it was announced today.

With 630 points out of a possible 804, the Melrose Boy Scout troop under the leadership of Marvin Sanders, competed in the camporee with seven other troops from the six counties of western Oregon which make up the Oregon Trail council.

Second place of the camporee went to a provisional troop which included Scouts Larry Henninger and Roderick Newland of troop 4, Roseburg.

The camporee was run in a manner similar to camporees which will be held in the seven districts of the Oregon Trail council during the coming months. Ernest A. Scaton, assistant camp director in charge of the camporee, said:

Inspections of the camp site for the camporee were based on troop organization and leadership, safety and sanitation, food cooking and serving, and use of camp site. Three inspections of the camp site were made during the 24-hour camporee.

DAILY DEVOTIONS

DR. CHARLES A. EDWARDS

A Red Cross official in China who recently returned to the United States, tells of a visit he made to Chungking to pay his respects to the Generalissimo and Madame Chiang Kai-Shek before sailing. Seven times that day Japanese planes had raided the city and dropped bombs. The Generalissimo explained that they were trying to find out where he was staying. After a simple dinner the visitor was asked to remain for evening devotions. They knelt together and first Madame Chiang offered a prayer, then the guest prayed, and finally the Generalissimo. He prayed for the American people to whom his guest was going, then for his own Chinese people, and finally for the Japanese people, whose representatives that day seven times had tried to kill him. Here is a man in whose heart is no bitterness and no spirit of unforgiveness. How far are we willing to go in our forgiveness? "If ye forgive men their trespasses, your Heavenly Father will also forgive you." To err is human; to forgive, divine.—Amen.

with each scout tying the square and eight other scout knots, log chopping, knowledge of the Boy Scout oath and law, setting up a troop swim, including the "eight point system of waterfront safety," and an advanced compass course.

As the final feature of the afternoon, a nature trail was followed by each troop and a "commando game" was played in the evening. Scouts attending Camp Lucky Boy this period from troop 47, Melrose, include Marvin Sanders, Dale Bonebrake, Richard Bonebrake, Norvell Conn, Dick Hackney, Warren Hackney, Donald Manning and Ted Reece.

Pvt. Merle Moyer Asks Replacement

PFC. Merle J. Moyer, son of Mr. and Mrs. E. L. Moyer, Canyonville, writes that he would be very appreciative if the selective service board would send a replacement and permit him to return home. Moyer, who won the Bronze Star in Saarlautern, Germany, for laying communication lines across the Saar river while under heavy fire, reports: "My biggest battle has been here in Camp Shelby, Miss., trying to get out of the army." As Moyer has accumulated only 51 points toward discharge, he is not too hopeful.

He recently returned to Camp Shelby with the 95th division after 11 months overseas, during which time he saw service in England, France, Holland, Belgium and Germany. In addition to his Bronze Star, he wears the Good Conduct ribbon and the ETO ribbon with three battle stars. He entered military service July 23, 1942.

Herman Goering's Medals On Display in Spokane

SPOKANE, Aug. 27.—(AP)—A dozen medals which Hermann Goering sported when the Third Reich was his apple are on display at the police station here.

They were brought back by Harry Indahl, former policeman now released from the Army, who said he found them in Goering's room at Berchtesgaden.

Some he had to take off a dazzling white uniform. "The uniform couldn't have belonged to anybody but Goering," Indahl said. "The pants were about six feet around the waist."

Can't Be Watery
MANHATTAN, Kans., Aug. 28.—(AP)—Don't breathe it to the ex-serviceman in your family, but chemists at Kansas State college here have come up with a really outstanding food development. It's dehydrated mashed potatoes, and Dr. J. W. Greene, head of the school's chemical engineering department, said the new product is superior to the kind mother makes. He thinks it will have a wide use by restaurants and dining cars.

Admiral Questions Wisdom of Keeping Certain Islands

ABOARD ADM. SPRUANCE'S FLAGSHIP, Manila Bay, Aug. 27.—(AP)—Questioning the political wisdom of American retention of strategically valuable Okinawa, south of Japan, Adm. Raymond A. Spruance, Fifth fleet commander, told a press conference of the war Saturday that:

"It would be a sore point with us if a foreign power held a string of islands blockading our coast," as the Ryukyus (including Okinawa) do Japan's coast. "In political terms, we want to do everything we can to leave no sore spots in international relations."

He termed Okinawa extremely valuable strategically but "potentially explosive" internationally. The decision on whether to retain it, he pointed out, will be up to the diplomats.

Even without the Ryukyus, he added, America now controls a vast arc of Pacific bases stretching through Japan's former island mandates—and additional bases, although important, are not vital.

Two Jima, he said, is extremely important strategically as are Philippines bases; but bases on the Asiatic continent "are not necessary" and also might be dangerous politically to retain.

The admiral said the Americans will make sure that "Japan is in no position to start a rampage again, but we won't do anything to prevent friendly relations in the future."

Singapore Japs Quit, but Report Sabotage Barrier

LONDON, Aug. 25.—(AP)—The Singapore radio said today Japanese forces had ceased all operational activity in that naval base, but that peaceful surrender negotiations "will be extremely difficult to carry out in the face of subversive conduct on the part

of armed mercenaries under command of the British army." "Destruction of railway lines, attacks on trains and capturing of arms and food supplies by force have increased to such an extent that they can hardly be expected to end immediately," the Japanese-controlled station said. "Japanese forces have no intention of catching these men under command of the British armed forces, and intend to hand over Malaya as well as Singapore in an orderly and peaceful manner."
