## Navy Plans Return Of Men and Women To Civilian Status

WASHINGTON, Aug. 28—(AP)—The Navy set out today to return 2,839,000 men and women to civilian status within a year.

Secretary Forrestal outlined the Navy's vastly expanded demobilization plans to newsmen yesterday. Previously the sea arm contemplated discharging between 1,500,000 and 2,500,000 within a year or 18 months.

Now, however, the plan is to cutback Navy strength to 500,000 enlisted personnel and 50,000 officers in the next 12 months. That will mean the discharge of about 2,575,000 men and women and 264,000 officers.

Forrestal also reported that the Navy's point system for discharge will be altered to allow credit for overseas service. This credit the secretary said, will be included in the discharge formula within about two months without any reduction in the present scores necessary for discharge or any decrease in the credit now allowed for age, service or dependency.

Similar overseas credit is provided in the Army and Marine discharge systems but was omitted from the Navy's original plan because, Forrestal said, necessary records were not available.

The Navy considers sea duty as overseas service.

Navy discharge scores now are 44 for enlisted Navy men, 59 for officers, 29 for enlisted Waves and 35 for Wave officers. Credit is given on the basis of one-half point for each year of age, one-half point for service since Sept. 1, 1939, and 10 points for dependency, regardless of the number of dependents.

Coupled with the overseas credit revision, Forrestal said, the point scores will be lowered as rapidly as conditions permit to release additional men.

Other postwar Navy plans which emerged from the news conferences:

The Navy will ask congress to permit the transfer of up to 30,000 reserve officers to the regular Navy. These would be given "absolute equality" of treatment.

The Navy plans to keep a force of Waves in the naval reserve and, if congress approves, a cadre of Waves will be kept on active duty. Similar groups of Spars, the Coast Guard auxiliary, and of women Marines, also will be retained.

The educational system will be revised because present facilities were present. Dr. Edwards read the general plan calls for an active naval reserve officer training corps at various colleges and universities with further training at Annapolis.

Senior flag officers, who have had many years of sea duty, will be given shore assignments and younger flag officers with combat experience will be given positions of authority.

## Individual Tax Slash of 20 Pct. Will be Sought

WASHINGTON, Aug. 29—(AP)—With tax reduction a virtual certainty, returning congressmen yesterday studied a new proposal, novel for its simplicity—just cut each individual's tax by 20 per cent next year.

Representative Knutson, senior Republican on the tax-writing House Ways and Means committee, authorized the reduction plan. Under it, each person's tax would be computed at present exemptions and rates. This would be cut by one-fifth, and what remained would be the actual tax burden.

Knutson wants the plan to become effective Jan. 1, on 1946 income. He would require employers to reduce by 20 per cent each payroll pay-as-you-go tax reduction.

The Minnesota tax leader joined several other tax leaders who are unanimously of the opinion that tax burdens—individual and corporate—must be trimmed. Ways and Means Chairman Doughton

## Outlook for Wool Prices Next June Are Unchanged

Prices received by farmers for wool will remain about at the present level through June, 1946, since the current support program applies to all wool offered to CCC and appraised prior to that date, the USDA points out.

The average price to growers of 40.6 cents per pound for the first 6 months of 1945 was one-half cent lower than the corresponding months last year, largely due to differences in quality and shrinkage of wools. Two-fifths of CCC's 1943 and 1944 purchases were still unsold in June.

An army of 10,000 soldiers and 6,000 civilian workmen succeeded in laying the Alcan highway—a double-lane highway of 1,671 miles between Fairbanks, Alaska and Dawson Creek, British Columbia.

## and Chairman, George of the Senate Finance committee both have predicted legislation this fall reducing the tax load for 1946.

**Poor Digestion? Headachy? Sour or Upset? Tired-Listless?**

Do you feel headachy and upset due to poorly digested food? Do you feel sluggish and heavy again your food must be digested properly.

Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and listless.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increases this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion (per Nature's own order). Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 25¢.

**ABOARD A NAVY HELLDIVER OVER ATSUGI AIRFIELD, Aug. 28—(AP)—**American officers dressed in work clothes were greeted on Atsugi airfield near Tokyo today by Japanese generals resplendent in full dress uniforms with clanking Samurai swords and beribboned blouses.

Two Navy torpedo bombers landed on the airfield 20 miles from Tokyo shortly after General MacArthur's advance contingent of key men stepped out of transport planes this morning.

"When we first landed," one officer said, "the Japs had a little truck with a sign on it, 'follow me,' but we went in the other direction toward our own people. That truck just headed for the Japs."

"We were given a mimeographed sheet which listed those serving on the committee. Among its functions was one titled, 'reception general affairs and matters concerning Atsugi airfield'
