"RIVERSIDES didn't come on my car; I CHOSE THEM!"

"You sure see plenty of Riverside Tires on our factory parking-lot!"

"I looked carefully, last year, when my first set of tires wore out. You'd be surprised how many of the gang on my shift rode back-and-forth to the plant on Riversides. *NOT* because Riversides happened to *come* on their cars, but because they deliberately chose them."

Yes, in the past 33 years, millions of motorists have chosen Riversides, in preference to all other brands! Why? For the same reason that makes so many car-owners switch to Riversides, today:—

Inquest Verdict In Negro's Death Meets Dissent

PORTLAND, Ore., Oct. 11—(AP)—A committee that won a church council demand for an inquest into the police shooting of a Negro declared today it was not satisfied with a verdict that the shooting was justified.

A coroner's jury ruled last night that City Detective Bard Purcell acted in "performance of duties and in protection of himself and fellow officers" when he fatally wounded Erwin Jones, 37, last August, while seeking another Negro.

At the inquest, demanded by the Portland Council of Churches and other groups, police said they forced their way into Jones' home when he refused to open, and fired in response to two shots from within the house.

The Jones family and neighbors testified that the police did not identify themselves, causing the dead man to think that robbers were entering. Police denied this.

The committee of churchmen and businessmen said it would "continue efforts to achieve the principles of justice represented in the Jones case."

In a formal statement the group charged that the inquest was "unfair" because of "exclusion of Negro citizens from the jury, the refusal of the coroner to permit a public examination of jurors, and refusal of the police sergeant witness to produce his official report of the killing."

By a decree of King Edward II all sturgeon found in Great Britain's waters are the property of the reigning monarch.
