

Eva J. Jones Dies Two Days After Passing of Sister

Death of Sarah Esther Medley, 71, at Portland Monday night, was followed early today by the death of her sister, Mrs. Eva June Jones, 65, at Roseburg. Both were residents of Oakland.

Mrs. Medley died suddenly at the home of daughter, Mrs. Esther Smith, in Portland. Mrs. Jones, who had been ill for several weeks, died at the Brust Nursing home in Roseburg.

Both were born near Oakland, the daughters of Mr. and Mrs. George Hall, and spent their lives as residents of that community. Mrs. Medley was the widow of the late T. J. Medley, who died Feb. 8, 1944, she leaves two sons and a daughter, James W. Medley, Washington, D. C.; Roy L. Medley, Oakland, and Mrs. Smith, Portland.

Surviving Mrs. Jones are her husband, J. D. Jones, Oakland, and a son, Dallen H. Jones, Roseburg.

A sister and two brothers survive the two women, Mary A. Chenoweth and George Hall, Oakland, and Robert Hall, Sutherlin.

Funeral services will be held for Mrs. Medley at 2 P. M. Friday, and for Mrs. Jones at 2 P. M. Saturday, the services to be conducted at the Oakland Community church by the Rev. J. K. Howard. Interment will follow in the L. O. O. F. cemetery. Arrangements are in charge of Stearns Mortuary, Oakland.

Strike Begun Against General Motors Corp.

association, said Monday that a shutdown of General Motors would force all but one other car producer to close within a week. The one, which he indicated was Ford, could maintain only 50 per cent production, he added.

In addition to five makes of automobiles—Chevrolet, Pontiac, Oldsmobile, Buick and Cadillac—General Motors turns out numerous other products such as refrigerators, stoves, radios and manufacturers in its network of parts for most of the other car diesel engines. It also produces furniture.

Late yesterday the union received a communication from General Motors management saying it would reply to an arbitration proposal "on or before Friday, Nov. 23."

The union's bargaining agent, in suggesting the naming of a three-man board to arbitrate, the union demanded an answer within 24 hours.

Throughout negotiations General Motors has maintained, in effect, that matters of company prices and profits were "none of the union's business."

Others Ask Retirement
The shifts were announced yesterday. Mr. Truman said Gen. Brehon Somervell, commander of the Army service forces, and General of the Army Henry H. Arnold, chief of the Army Air Forces, had asked to be relieved, too, but he had not consented to their retirement at this time.

He said both Marshall and King had sought retirement after Japan surrendered but that he had prevailed on them to stay until now.

Asked about the difference in views on the Army-Navy merger—with Eisenhower favoring it—

question of occupation of Atlantic islands with a view to prosecution of the war against America at a later date.

In March, 1941, Jackson said, Field Marshal Keitel, chief of the German high command, issued a secret directive that "the Fuehrer has ordered instigation of Japan's active participation in the war."

Jackson, in a 20,000-word statement, asserted: "They have subjected their European neighbors to every outrage and torture, every spoliation and deprivation that insolence, cruelty and greed could inflict."

"They have brought the German people to the lowest pitch of wretchedness, from which they can entertain no hope of early deliverance. They have incited domestic violence in every continent."

PORTLAND, Nov. 21.—(AP)—Lew Wallace, Democratic national committee man, announced today that he would run for congressional representative from Oregon's Third district next year.

Try Hot Water Plus After Meals For Acid Indigestion

If the thousands of unfortunate people who suffer from so-called dyspepsia, acid indigestion, food fermentation, sour stomach, flatulence, gas or other stomach distress brought on by excess acid would just try drinking slowly after each meal a glass of real hot water containing one ounce of Neutracid they can usually get amazingly quick relief in a very few minutes.

Neutracid is not a laxative—it is soothing and comforting to the twinges, membranes and very agreeable to take. Neutracid—a physician's formula can now be obtained in Kampfers Sav-Mor or any first class drug store.

Christmas Tree Haulers Facing Weather Hazards

Pete Gorley, of the Gorley Brothers Logging company, Sutherlin, has an eye cocked toward cloudy skies this week, to see what the weather man will bring him. If it is snow, he'll have to cease his operations in logging almost 1,000 Christmas trees for the Umpqua National forest, V. V. Harpham, supervisor, said today.

Gorley's two-ton tractor is mired in snow about six miles west of Diamond Lake guard station in the North Umpqua river district. His camping equipment and uncut trees are near the Kelsay Valley guard station. Until the snow melts, Gorley will be unable to use his tractor for logging operations.

The trees which Gorley has purchased are white fir, in old burns, where such trees are a detriment to more desirable commercial species, Harpham stated.

Christmas trees are sold on national forests on a lineal foot basis, and prices depend upon quality, quantity, and accessibility of the trees.

Another purchaser of Christmas trees, near Divide guard station in the South Umpqua district, has been forced to discontinue cutting, because of recent abnormally heavy snowfall in that area for this season.

Farmers Ask That Labor Program Be Continued in '46

Continuation of Oregon's farm labor program in 1946 on essentially the same basis as this year was requested by representatives of farm labor sponsoring committees from 14 of the state's heavy labor-using counties at a recent meeting in Portland.

The growers asked that the Oregon State college extension service continue to administer the program in Oregon. The sponsoring committee members also recommended that machinery be available for bringing in farm workers from other states or elsewhere in case adequate help is not available next year from local sources.

J. R. Beck, state farm labor supervisor, reported that a proposal for extension of the farm labor program through 1946, though on a greatly reduced budget, has been submitted to Congress. No information is available, he said, on when Congress may act on the proposal.

Placements Break Records
Placements of workers in Oregon by county farm labor offices in farm jobs broke all records this past season, Beck said. He and the farmers especially praised military personnel for assistance in harvest emergencies while on short furloughs from the several military installations in Oregon. This source of harvest help which provided thousands of man-days of labor this past year will not be

available next year, it was pointed out.

The sponsoring groups approved a resolution commending the O.S.C. extension service for its handling of the farm labor program this past year. They also recommended that farmers take advantage of the surplus war housing units by purchasing as many of these structures as possible for removal to their own farms for housing of farm workers.

War Increases Profit Margins for Farmers

Looking back as far as 1913, the USDA's Bureau of Agricultural Economics found that only during World Wars I and II has the income of food producers exceeded the charges made for marketing their products.

Farmers received about 40 cents of the consumer's food dollar for the pre-war years, 1935-39. The farmer's share of the consumer's food dollar rose to 54 cents by December, 1943, and the 1943 average was 52 cents. The only other year between 1913 and 1914 when his share exceeded marketing charges was in 1918. These facts are brought out in the first comprehensive study of farm-consumer price spreads ever made
