

Jobless Total to Be Under Forecast

WASHINGTON, Dec. 13—(AP)—The impact of peace on joblessness is 30 to 40 per cent lighter than reconversion officials anticipated.

an unexpectedly high and sustained rate of buying are among factors that have prompted key federal economists to offer this improved employment outlook: By year's end, the total of actual and potential job-seekers will be 4,000,000 at the most, one-third less than had been predicted for that date when hostilities ceased.

number not more than 5,000,000. This may be the peak for 1945. After hovering around that mark until about June the total may begin to decline as civilian manufacturing hits full stride. But officials are wary of guessing beyond mid-1946.

What we do to give you coffee with an extra flavor "lift"

Slight Edwards
—an authority on fine coffees

My coffee, you'll find, has a richness of flavor that really satisfies. That's because we blend and roast in small batches... under the personal formula of my father... perfected over 40 years ago. It's a painstaking custom way of doing things (we even select the choice coffee beans for size, shape and color), but it does give you coffee with a delicious extra flavor "lift." Try a pound and see for yourself. If you don't thoroughly enjoy it, your money will be refunded.

EDWARDS COFFEE

TO GIVE YOU the full, natural coffee taste, we blend by flavor, not by weight... roast by the Thermato "heated air" process which develops all the richness in the bean.

TO GIVE YOU absolute freshness, we grind immediately after roasting... then vacuum-pack to seal in all the flavor and aroma. Edwards Coffee is really fresh!
