

TIRE RATIONING ENDS!

Firestone
Announces **NEW****2-WAY PLAN**
FOR YOUR
DRIVING SAFETYWe Will Recap Your
Present Smooth Tires For
Winter Driving SafetyWhen New Firestone
DeLuxe Champions Are
Available to You We Will
Equip Your Car and Buy
Your Recapped Tires

OPA has announced the end of tire rationing effective January 1, 1946—but what does this mean to you as a motorist? Does it mean you can get new tires today?

Tire production is far ahead of prewar years—and yet there may not be enough tires to go around! Four years of war have built up a terrific backlog of civilian demand. In spite of this you don't have to worry—Firestone has the welcome answer.

This sensational new plan brings you driving safety NOW when you need it most—it eliminates the guesswork about the condition of your tires. Just drive in and your present tires, if smooth and dangerous, will be quality recapped by the famous Firestone Factory Method. You exchange smooth tire danger for the famous Gear Grip safety tread that provides extra protection against skidding.

And what's more—when new Firestone De Luxe Champion Tires are available to you, we will buy your recapped tires and put the new De Luxe Champions on your car. Why take chances—let the Firestone 2-Way Plan be your answer to driving safety.

DOUGLAS COUNTY FLOUR MILL

EVERY RIVERSIDE PLY IS
12% STRONGER
TO GIVE YOU GREATER PROTECTION
AGAINST BLOW-OUTS!

Everyone dreads the sudden danger of a blow-out. That's why Riversides are now built 12% stronger than our extra-safe, pre-war tires! Every cord is stronger to begin with, then chemically strengthened to stay strong! Next, the cords are liquid-dipped to "weld" them together... then cushioned in rubber! Finally, the plies are cemented together before vulcanizing. In Riverside Tires, every care is taken to provide real protection against the possibility of a blow-out!
