

Discharges For Army Personnel At Home Slated

WASHINGTON, Jan. 24.—(AP)—The Army ground forces announced yesterday that 70 percent of its remaining personnel in this country would be discharged before June 30.

A separation order issued by General Jacob L. Devers, AGF chief, will result in release of 115,000 men and officers, most of them during February, the Army announced. No overseas troops are involved.

Devers' order affects two Army groups in this country—enlisted men with 45 points and officers with 67 points as of last Sept. 2; enlisted men with 30 months service and officers with 45 months as of April 30, 1946. Devers ordered installations to begin discharging the first group, consisting of about 80,000 men, "at once" and the Army said this process is well under way. This group represented about 50 percent of AGF personnel in this country at the close of 1945.

The second group is made up of GIs with 40 points and officers with 65, and enlisted men with two years service and officers

with 42 months as of next June 30. About 35,000 are in this group and most of these will be discharged during May, the Army said.

The Army said the AGF men who had less than 40 points as of last Sept. 2 or who would not have completed 24 months service by next June 30 would not be discharged under the Devers' order because they would be needed for the 1,500,000-man interim Army. "Future plans for discharge of these men after July 1, the date fixed for the size of the interim Army, will depend on the number of new men entering the Army through induction or enlistment," the AGF said.

Army Air Forces have issued a directive providing for immediate release of their enlisted men who have 44 points or have completed 36 months of service by April 30. No estimate of the number involved was given.

Discharge of enlisted men in five categories are divided as follows: Effective Feb. 1, men with 44 points or 33 months' service as of April 30; effective March 1, men with 44 points or 30 months' service by April 30; effective April 1, 44 points or 28 months by April 30; effective May 1, 42 points or 26 months' service by June 30; effective June 1, 40 points or 24 months' service as of June 30.
