DAILY DEVOTIONAL

DR. CHARLES A. EDWARDS

One of the important secrets of victorious living lies in the proper estimate of relative values. Life always fails when we place the wrong price tags on its various aspects. The story of the bandit who broke into a hardware store and changed the price tags so that a few nails were listed at fabulous figures and valuable electric appliances were offered for a few cents is a parable of our modern spiritual failure. In the words of the Scripture Jesus gives His estimate of life's values. The soul of man outweighs everything he is able to acquire. That is true, because man really lives here and hereafter by what is the center of his life, rather than by what he is able to accumulate. How true then, "What is a man profited if he gains the whole world and loses his own soul." You see men all about us possessed by their possessions.

"If we live for worldly pleasures, we shall see them turn to dust. If we seek immortal treasures Heaven shall recompense our trust."

But there are some things you can do something about! The pirates that probably rob you the most are not feed men or poultry buyers, but worms, lice, mites, wet floors, poor sanitation, poor ventilation, poor breeding stock, et cetera.

Your chief job is to lower production costs, and a winning battle with the above mentioned pirates achieves that very thing. At 50% production feed cost of eggs will be less than 20c per dozen. (Market is 40c.) And turkeys and fryers can be produced on the same basis. Let's co-operate!

the FEED BAG

Vol. VIII. Published Weekly by the Douglas County Flour Mill, Mfrs. of Umpqua No. 2 and Sunrise Poultry and Dairy Feeds. Jan. 28, 1946

That Silver Lining

Remember last week we promised you a little cheer for this weeks "Feed Bag." Well, believe it or not, FEED PRICES ARE ACTUALLY DOWN A LITTLE. And for the first time in years, it seems. At least, that is the case down at the Douglas County Flour Mill.

Hatching Eggs Improve

There is a perceptible increase in the demand for hatching eggs. This also is a seasonal proposition, since about everybody who expects to stay in the poultry business has to order chicks. And this is, the best time of year to do it.

Darned Spendthrift

A couple men were criticizing their wives. One said: "That woman of mine beats anything I ever see. She's always wanting money. First it's five dollars, then ten dollars, or seven fifty, or something. I never saw the beat of it."

New Roseburg Hatcheries

We have always advocated having your chicks born as close to home as possible. We have a couple new hatcheries here in Douglas County, and there seems to be no good reason why our advice can't be followed this year.

Turkey Saddles

We still have a couple thousand turkey saddles. Best looking saddle and best price we have seen: 20c. You can't afford to take chances on the market value of your turkey breeders for 20c. Use new saddles and play safe.
