### DAILY DEVOTIONAL DR. CHARLES A. EDWARDS

The word discipline has almost been lost from our vocabulary. We wish to do things which we like and shun those which are not so pleasant. Our generation is beginning to show the effects of this lack of self-control. Medical science has made it possible to lengthen life span. But we constantly cut it short by our indolence and carelessness. A free press has produced a wealth of good reading, but the average mind today, undisciplined, lacks the power to discriminate. The church never had a better trained ministry than today, yet it does not speak with the authority of other generations. The word "discipline" means training which corrects, molds, strengthens, or perfects. Discipline is never pleasant at the time, but if the results are so wholesome and constructive we ought to welcome it, disregarding its painful aspects. The apostle Paul said: "I keep my body under, bringing it into subjection." The Lord disciplines the man He loves and scourges every son He receives. Let us endure our discipline like good soldiers of the Lord.—Amen.

ization director, had in mind when he said a few days ago that price increases will be coupled with production controls to meet demand for scarce products.

The price increase for cotton fabrics will be in two parts:

1. A general increase of about three and one-half cents a pound in recognition of higher parity prices for raw cotton and to offset recent wage increases. Mills which did not hike wages will get only about one cent of this.

2. An additional incentive increase of five per cent to apply on selected fabrics urgently needed for clothing and for certain industrial and agricultural purposes.

While the agencies sponsoring the program were unable to estimate the overall effect of these adjustments on retail prices, they said present ceilings on shirts, for example, might be hiked about five or six cents.

They made the point, however, that where only a few shirts are available now at \$2.50, the goal of the new program is to provide a generous supply at about a nickel more.

### Rubenstein Quintet to Battle Roseburg Team

Roseburg basketball fans will see another contest scheduled by the Roseburg Recreation Program tomorrow night, when Rubenstein's team, league-leading quintet from Eugene, meets Howard Turner's Veterans at 7:30 on the Senior High School floor.

H. W. Gray, manager of Roseburg Recreation, said today that an effort had been made to match a team equal in ability to the Roseburg squad. The game should provide as many thrills as the House of David, the Red Heated girls, or the Kansas City Stars games, Gray said. Rubenstein's team is one from which the crack Oregonian team in Portland draws many of its players, he commented.

United States as civilians voiced their concern over the situation in Manchuria, Korea, Sakhalin and the Kurile Islands.

The municipal political council at Chungking petitioned the government to take a stronger stand in Manchuria against continued Russian occupation and alleged stripping of heavy industries for machinery which reportedly was sent to Siberia.

Jap Repatriation Asked In Tokyo, civilians pressed Al-

lied headquarters with requests for speedy repatriation of 2,640,000 Japanese from Russian-occupied areas. They were informed by Allied headquarters the matter was for Soviet consideration alone although General MacArthur said he was "very sympathetic" to their plea.

An Allied officer said Japan reportedly has asked Washington, through headquarters, for Allied aid in repatriation of the nationals from Manchuria, North Korea, the Kuriles and South Sakhalin. Informed Japanese say Washington has not replied.

The federation, meeting in Memphis, Tenn., has given its executive board authority to order a strike "whenever it considers proper" but has not yet set a strike date.

John J. Moran, president of the Federation of Linn Line Telephone Workers, acting as spokesman for 17 of the NFWA's affiliates meeting in Memphis, Tenn., said "there is still strong sentiment in favor of a strike call."

The 17 unions, representing about 150,000 workers, complied with the Smith-Connally act by filing strike notices last month. Demands by the independent union include a \$10 weekly wage increase, a 65-cent hourly mini-

KELLOGG'S ALL-BRAN is not a purgative. It's a good, wholesome cereal made from the vital outer layers of wheat, supplying gentle bulk, helpful to normal laxation.
