

Office Service for Farm Loans To Vets Increased

Due to the increasing number of veterans returning to Douglas County, the Farm Security Administration will have two permanent office days each month in Roseburg. The FSA office is located in Room 201 of the Medical Arts Building, and will have office days on the first and third Wednesdays of each month.

Veterans and non-veterans may obtain government loans up to \$2,500 for 5 years at 5 per cent interest to purchase livestock and equipment, providing they own a farm or can obtain a three to five-year lease on a farm, can show satisfactory farm experience, cannot secure the type of credit needed from the bank or other lending agencies, and the productivity of the farm is such as to warrant a loan, according to Victor B. Kuhlman, county FSA supervisor.

All applications which are taken are reviewed on the applicant's farm by the county FSA committee. The committee will, at that time, give any help or advice that may be needed with regard to farm practices or to the soundness of the proposed operation. The county committee is composed of three local farmers and one veteran adviser, who are J. E. Young, chairman, George Thomas, Carl Holmquist, and James Bartlett, veteran adviser.

Anyone interested in getting set up on a farm may contact the office on the above dates for further information.

Commercial.

Proposed Ban on Lumber Exports Arouses Protests

SEATTLE, March 4 (AP)—Representatives of 11 Washington lumber mills have forwarded protests to the Washington and Oregon congressional delegations against any federal embargo on lumber.

The mills declared that only three per cent of the estimated lumber production of the nation this year will be exported and that an embargo would force the closure of most of the timber mills. The companies pointed out that ocean shipping would suffer from an embargo because lumber provides 75 per cent of the tonnage for vessels calling at West Coast ports.

They pointed out that British Columbia mills, operating without price control, have the advantage of a 10 per cent foreign exchange rate and can export 65 per cent of their output. Mills represented in the protest were: The American Mill Co., Anderson and Middleton Lumber Co., Bay City Lumber Co., Donovan Lumber Co., and Schaefer Brothers Lumber and Shingle Co., all of Aberdeen; Grays Harbor Lumber Co., Hoquiam; White Star Lumber Co., Whiles, Grays Harbor County; Hart Mill Co. and Olympic Hardwood Co., No. 2, both of Raymond, and the Raymond Lumber Co., South Bend.

KAMPFER'S SAVMOR

DRUG STORE

It's Still

Your dollar buys less food, less clothing, less of everything except the drug store products used daily in your home. We're still selling most of your favorite nationally advertised health and beauty aids at pre-war prices—and some of them are actually priced lower than they were in 1941. There's no inflation at Kampfer's Sav-Mor. It's still a pre-war dollar when you spend it here for quality - tested, quality - proven national brands.

One World

Truly, the World of Medicine is ONE WORLD in which time, study and skill are devoted to the common good of all. Penicillin is the discovery of an Englishman. Research with sulfa drugs began in Germany. France gave Louis Pasteur to the world. Every land and every race is contributing to the advancement of medicine, and it is our duty as pharmacists to make the new drugs available to physicians through our Prescription Service.
