American Legion Auxiliary Activities

By Mrs. Claude Baker
Miss Patricia Mayo, acting administrator of Douglas County Public Welfare Commission, will speak at the combined group of Legion and Auxiliary members Tuesday night, April 16 at the Armory. Miss Mayo is well versed in her subject of "Children," having completed her graduate work at the University of Washington last spring. Before becoming administrator she was child welfare worker for Douglas County under the U. S. Children's Bureau. Anyone interested in the topic is most cordially invited to be present.

April is termed by the Legion groups as Child Welfare month, a time in which they concentrate their efforts and coordinate the plans and work of the entire year. Mrs. Martha Merchant is chairman of this work for Umpqua unit and because of the numbers of veterans families in Douglas County the department of Oregon maintains a child welfare worker in this district. For a number of years Mrs. Ned Dixon has filled this post. Offices are open in the Pacific building each Friday afternoon and veterans' wives or families are welcome at that time.

Levon and unit are planning to meet in the Armory Tuesday and perhaps for the remainder of the year. The groups will hold an hour of entertainment following their meetings. Mrs. Wenger, president, and Victor Nicoll, commander, urge all eligible persons to be present and be acquainted. If your son, brother or husband was in either war you are eligible to membership in the unit. Come and learn about this, the largest patriotic women's organization in the nation. Members will be interested to know that the national president, Mrs. Walter Craven will be in Portland Monday and Tuesday of this week.

MINERAL CLUB HAS INTERESTING MEETING

On Wednesday night the Umpqua Mineral Club held an enthusiastic meeting in the council chamber of the city hall. Jack Wharton acted as chairman in the absence of both the president and vice president. In a special election Roy Rose was unanimously elected president to fill the unexpired term of Alvin Knudson who has been unable to attend recently.

Miss Winona Walker passed around a book, "Introductory Gemology" by Webster and Hinkle, which was loaned by the State Library. It was voted to buy a duplicate copy for the club shelf at the public library.

Mrs. Hilda Peterson, secretary, read a letter received from Mr. and Mrs. Joe Thomasburger of Oakland, Calif., members of the East Bay Mineral Society, asking about the collecting grounds in this area.

It was voted to change the meeting night from the second Wednesday of each month to the second Thursday. It is hoped more members will be able to attend as a result of the change.

Late copies of the Desert Magazine were passed out to those present for take-home reading. Leslie Roberts, program chairman, presented Everett Teater who gave an interesting and detailed description of gold and silver mountings for cut gems. Mr. Teater is an expert in this field, as he makes most of the beautiful mountings used in his antique jewelry business. He drew crayon illustrations as he talked and passed around samples of the materials used in this work. He exhibited examples of settings in the process of manufacture and made it all sound extremely simple and easy to do.

During the evening Jack Wharton displayed samples of tereba wood and fossil clams which he had gathered on a recent trip to Newport. He also had some magnificent Australian opals, cut and mounted by himself, which had the ladies all in a dither of desire. Roy Rose brought quartz crystals and galena crystals obtained from Arkansas, and Everett Teater exhibited some new silicate crystals from the Little River beds. Marjorie Pettit had samples of gypsum both massive and crystalline, and some fossil snail shells gathered in Wyoming.

Presentation to enjoy the evening were Mr. and Mrs. Roy Rose, Mr. and Mrs. Everett Teater, Mr. and Mrs. Leslie Roberts, Miss Betty Jane Roberts, Mr. John H. Lionhard, Jack Wharton, Mrs. Ella Hutchins, Mrs. Essie Koentz, Mrs. Hilda Peterson, Miss Winona Walker and Mrs. Marjorie Pettit.
