

News of 4-H CLUBS

Douglas County Spring Achievement and Exhibit days will be held on May 8, 9, 10 and 11. Elkton, Loon Lake and Smith River areas will hold their exhibit days on May 8. Glendale 4-H Clubs will exhibit May 9, also Tennille. On May 10 and 11 a central Achievement Day will be held in Roseburg in the Junior High School gym. All 4-H Club members carrying cooking, clothing, homemaking, forestry, woodworking, and Arts and crafts projects will exhibit on those two days. Blue ribbon exhibits from the local Achievement Days will be brought in and judged for county honors to determine those exhibits that will be taken to the State Fair in September. The central Achievement Day exhibits will be open to public inspection on Saturday. Anyone interested in looking over exhibits is welcome to do so. The county style review for 4-H members carrying clothing projects will be held Saturday afternoon as well as demonstrations put on by club members.

Holding of a fall livestock exhibit day was a main topic of discussion at the monthly leaders meeting held at the Green school last Wednesday evening. The leaders approved a plan of holding a one day exhibit at the fair grounds for club members to exhibit livestock projects and hold their annual fat stock auction sale. The fall canning Achievement Day and garden exhibit will be held at the same time. This will be the first opportunity for a number of years that livestock club members will have the opportunity of exhibiting livestock projects. It is planned also to hold showmanship and judging contests.

Four-H boys and girls in the county that are planning on carrying 4-H garden projects should contact Kenneth Minick, county Club agent, and get a large portion of their seed and plants free by entering the Sears & Roebuck garden contest. A club member can get up to \$2.50 worth of seeds free including tomatoes, cabbage plants and onion sets. Douglas County is one of 15 Oregon Counties in which Sears & Roebuck are sponsoring the contest. Club members should take advantage of this opportunity. Another reason for 4-H boys and girls to raise gardens is to help out in the nation's "Food for Famine Program." Girls should carry canning projects and assist in the food conservation program.

Announcement has been made that annual 4-H Club summer school will be held June 18 to 28, inclusive. Facilities at Oregon State College will accommodate about 1400 club members for this year's ten-day summer school. Mr. H. C. Seymour, state club leader, announced that, due to in-

Increased food costs, scholarships for this year will have to be increased to \$16. Transportation for club members attending from Douglas County will cost \$3, making a total of \$19 for each membership. A number of granges and organizations are sponsoring scholarships. Some money has been turned in on the basis of \$15 per scholarship. The sponsoring organization can either make up the additional \$4 or the club member attending from that community will have to pay it personally. Indications at present are that about 60 to 65 4-H boys and girls will be eligible to attend from Douglas County.

Mill Workers' Vote Turns Down Union Affiliation

PENDLETON, Ore., May 1. — (AP) — Employees of the Harris Pine Mills, Inc., here have rejected affiliation with a union by an approximate two-thirds vote.

Of a total of 221 votes cast at a meeting last night sponsored by the Timber and Sawmill Workers, A. F. of L., 57 were in favor of a union and 164 voted for no union.

School Merger Election Scheduled at Yoncalla

YONCALLA — Special election of the school district will be held May 20, to vote on the consolidation of District 32 at Yoncalla with District 79 at Pleasant Valley. Pupils from the latter district are transported to Yoncalla at the present time. The election will also include a vote on the school budget.

Sow Little But Often Secret of Radish Success

The first radish he harvests thrills the home gardener more than the first robin. Three weeks, more or less, from the time the seed is sown, round, red, spicy roots are ready to serve, bringing to the menu a zest which stimulates winter-jaded appetites.

Yet many home gardeners have had trouble devising a radish program which would avoid the waste that comes when a planting is too large, and only a fraction can be used before the roots turn pithy, and must be thrown away.

The cause of this is the very short season that early radishes remain edible. The earlier they are the shorter this season, because they are growing fast, and quickly pass by the edible stage on their way to the goal of all plant life, the production of seed. With radishes, as with other crops, you must sow according to what you need. Figure out the number you will use in a week, and estimate that twelve early radishes can be produced in a foot of garden row. Then sow a week's supply of an early variety at a time. Midseason radishes will be usable for two weeks, so two weeks' supply of them can be sown. The early varieties do not grow well in hot weather. If you want a supply all summer, sow a late, summer variety for that season. But frequent sowings in small lots is a good rule for all except winter radishes which take two months to mature and remain good for six weeks. They grow very large, some weighing several pounds.

One way to grow early radishes is to mix them with the seeds of parsley, parsnips, carrots and beets, all of which are slow to germinate. Not more than a tenth as many radishes as the other seeds should be used. The radishes will germinate quickly, "marking the row" where the other seeds lie, which will assist you in cultivating. Be sure to pull and eat the radishes as they mature before they can crowd the slower crops.

Williams K. O.'s Bolanos

LOS ANGELES, May 1. — (AP) — NBA Lightweight Champion Ike Williams smashed out a convincing eight-round technical knockout over Enrique Bolanos last night in his first title defense.

Williams worked up only a mild sweat in knocking down the Mexican challenger four times from the third round on, before Referee Benny Whitman stopped the fight in the eighth.

GIFTS that flatter MOTHER'S Loveliness

If nowadays Mother seldom thinks of buying herself the little luxuries so dear to her feminine heart, inwardly she's just as fond of them as ever. So delight her this Mother's Day with a gift of beauty—a lovely tribute to a loveable lady. We've ever so many "notions of love"—bound-to-please gifts economically priced but rich in beauty and loving thought. Make your selection here today.
