Highlights of Weekly Proceedings Related by Analytical Lawmaker

By HARRIS ELLSWORTH  
Congressman, Fourth Oregon District

**Emergency**  
Equal almost to the dramatic tension of some of the war-time joint sessions of Congress was the Saturday afternoon meeting to hear President Truman grimly tell the lawmakers that the government is going to be the government of all of the people, and that it will not bow to the demands of a small group. He asked, with words and manner that seemed almost a demand, that Congress immediately give him now and greater power to deal with such a situation.

Within two hours from the time the President began to speak, the House passed the drastic control bill requested by him. The procedure under which the rapid action took place was very unusual. From my point of view, it was very unsatisfactory as well. The first step was the approval of a resolution or a rule under which the bill was to be considered. This rule not only sharply limited debate on the bill, but prevented amendments. Members of the House had only two choices: They could vote to uphold the President's hand in the emergency, in accordance with his request, or they could turn the President down. Only 13 of the 435 members of the House voted against the President's demand.

Meanwhile, the Senate amended and passed the bill known as the Case Bill. This bill has been roundly condemned by labor leaders as a piece of anti-labor legislation. I have heard dozens of speeches in opposition to the bill, and have read printed statements made by various union officials. All of such statements I have heard and read have misrepresented the bill and criticized it with generalities. I have yet to hear or see a specific criticism showing wherein the bill is actually restrictive of the rights of labor.

The Senate version of the Case Bill is quite similar to the bill passed by the House. Consequently, the House of Representatives quickly concurred in the Senate amendments and sent the bill to the President.

As I have stated before, the Case Bill, as finally passed by both houses, does not repeal or abridge either the Norris-LaGuardia Act or the Wagner Act. It merely supplements those two laws in a manner that should be definitely beneficial to the members of labor unions.

**Poultry Feed Problem**  
Every member of the Oregon delegation has been devoting considerable time in an effort to work out some sort of a solution to the problem faced by Oregon chicken and turkey growers. All six of us (two Senators and four Representatives) called in a body upon President Truman and upon Secretary of Agriculture Anderson. I think we have achieved some success toward relieving the situation, but we are all well aware that great damage has been done to the Oregon poultry industry. I regard the entire tragic situation as wholly unnecessary, and so stated in a half hour speech on the floor of the House. The total job of bungling done by the administration in handling the feed grain problem is fantastic almost beyond belief. A large portion of the poultry industry in fifteen states has been or is being liquidated. This liquidation could have been avoided with little, if any, damage to our

of Congress when they read in the Congressional Record the next day that Senator Barkley had announced the end of the strike to the Senate shortly after noon that same day—some three hours before the President spoke. (Congressional Record, Saturday, May 25, 1946, Page 5795).

### Copco Executive Dies

MEDFORD, Ore., June 6.—(AP)—Harry A. Young, 55, advertising manager for the California-Oregon Power Company and long prominent in music circles here, died Tuesday of a heart attack.

### Pennies From Heaven

GARIBALDI, Ore., June 6.—(AP)—Greenbacks came floating down "from nowhere" onto fishing boats moored here. No one knows where the money came from, but a short time before, a plane had passed overhead. Tom Hess, a commercial fisherman, said he was eating lunch on deck when the heaven-sent bills dropped before him. He threw away his sandwich and grabbed \$16.

### Overcharges Settled

The district office of the OPA reports settlements on alleged overcharges from three Douglas

County firms. The firms and amounts involved are reported by the OPA to include Corkrum Motors Co., Roseburg, \$4387, on repair work; Pastime Pool Hall, Canyonville, \$187.20, on beer; Ford's Cafe, Canyonville, \$50, on beer.

## Cute tricks with June vegetables

Double your enjoyment of the grand variety of colorful, garden-fresh vegetables that are plentiful in June by preparing them in different ways. Take a look at these bright ideas on the subject.

**MAIN DISH EGGPLANT**—Cut eggplant in half lengthwise and parboil for 15 minutes. Scoop out center, mash and combine with chopped cooked meat, 1/2 cup of bread crumbs, grated onion, and seasonings to taste. Add a beaten egg and mix well. Refill shells, dot with butter or margarine, and bake in hot oven (400° F.) for 15 minutes. Serves 4 to 6.

**CARROTS AND SQUASH**—Cut carrots and zucchini or Italian squash in thin slices, and steam in just a bit of water until tender, about 10 minutes. Season with salt, pepper, onion juice and sprinkle with grated cheese to serve.

**BROCCOLI**—Season cooked broccoli with salt, pepper, and a tablespoon or two of orange juice. Top with grated orange rind to serve. Simply delicious!

**GLORIFIED GREEN BEANS**—For a pleasing new flavor, sprinkle green beans with a bit of nutmeg just before serving.

**SPEED-EASY FRIED POTATOES**—If you want tasty potatoes in a hurry, try this method. Shred potatoes and onions and brown in hot fat, stirring frequently. Then add just a bit of water, cover, and steam for about 5 minutes. Try yams or sweet potatoes this way, too. They're ready in no time at all.

**CREAMED RADISHES**—Trim radishes leaving about 1 inch of stem. Cook uncovered in salted water to cover, 15 to 20 minutes or until just tender. Drain and add to white sauce. They are like the most delicate flavored turnips.

**FRIED ONIONS AND CUCUMBERS**—Truly tasty as an accompaniment for steak or liver. Peel and slice cucumbers and onions and saute in hot fat until golden brown. Season with salt and pepper.

**TOPPED ASPARAGUS**—Cook asparagus stalks separately from tips. When tender, drain and mash stalks, adding a bit of evaporated milk and butter or margarine for a creamy consistency. Season and serve as a sauce over the asparagus tips.

June is the month to treat your family to a vegetable spree! The wide variety of green foods in season right now makes it easy to enjoy salads and tempting cooked vegetable dishes aplenty. Plan to serve two or three different ones at each meal. And to be sure of full eating pleasure, buy where quality is guaranteed... make your selections at Safeway.
